## Cage for Panasonic S5

Operating Instruction

SmallRig Cage for Panasonic LUMIX S5 / S5D Camera 2983 is a formfitting full cage designed to provide protection and accessory mounts. The cage secures to the camera via a 1/4"-20 screw on the bottom and a m2.5 screw on the right side for further security to prevent twisting. Featuring multiple 1/4"-20 and ARRI 3/8"-16 threads for accessories, such as Top Handle 2165 and Monitor Mount 2903. The cage integrates with a cold shoe on the top for microphone and light, and comes with a NATO rail on the left side for NATO Handle 2187 and Magic Arm 2071. A flat head screwdriver with Allen wrench is included to secure the camera screw and stores on the bottom of the cage. Additionally, the cage provides strap slot on the side for carry strap. Optional HDMI Cable Clamp 1679 / 3637 is separately available to protect HDMI port.

## **Safety Guidelines**

### **1. Environment**

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

### **2. Load Capacity**

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

### **3. Cleaning & Maintenance**

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

### **4. Structural Integrity**

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

### **5. Malfunctions**

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.
