## Uncompromising Technology

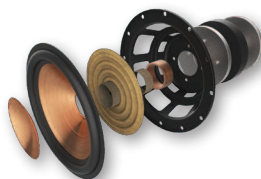

Always uncompromising, always surpassing its competition in detail, intensity and emotional reproduction of live events through their patented Horn technology, Klipsch Speakers have never been equalled. Come to our store and immerse yourself in premium sound.

### Horn Anatomy

Klipsch Reference Premiere speakers feature a compressed molded silicon face that's matted to the 90 x 90 Tractrix horn to reduce horn resonance for a smoother frequency response. Phase plugs act as a mechanical filter.

### Woofer Anatomy

Klipsch Reference Premiere subwoofers are housed in a non-resonating, stamped-steel basket that's secured to a large magnet motor for exceptional efficiency and low distortion, and matched to our horn-loaded tweeters for optimal acoustic execution.
