More possibilities

C-Class drivers appreciate the possibilities genuine accessories offer when it comes to adding dynamic, stylish, top-quality extra touches.

We offer a wealth of attractive options for the current model of the C-Class – starting where it all begins, as it were, with the wheels of your car. Their expressive design creates an individual look for your Mercedes-Benz. And they uncompromisingly deliver the C-Class's performance to the road.

We subject each wheel model to highly intensive testing to ensure that it delivers the extra safety you expect of the brand.

Because of differences in national regulations, various different versions of each vehicle exist. Please also bear in mind that vehicle development is permanently ongoing. As a result, not all of the wheel/tyre combinations shown in this brochure will be approved for your particular Mercedes-Benz.

Your Mercedes-Benz partner, however, has access to constantly updated information on every Mercedes-Benz wheel, including the relevant technical inspection findings and licensing conditions, and will be happy to advise you

Choose your favourite wheels online

Our Accessories Configurator shows you at a click of the mouse how the various Mercedes-Benz light-alloy wheels will look on your vehicle. Visit our website at www.mercedes-benz-accessories.com

Hub caps

Protect the hub from dirt.

Available in the following versions:

- 06 classic Roadster design in blue
- 07 classic Roadster design in black
- 08 black with chrome star
- 09 sterling silver with chrome star
- 10 titanium silver with chrome star

11 Valve caps

12 Rim locks

Set consisting of coded key and one lock per wheel

Wheel bolts | not pictured

13 Tyre pressure gauge

Compact design. Saves readings.

Suitable for all tyre valves (including cycle tyres).

Keeping tyres at the optimum pressure saves fuel and reduces tyre wear. Supplied with leather pouch

14 Snow chain systems

The RUD-matic DISC snow chain has a user-friendly design and can be fitted and removed quickly. With extra-reinforced chain links for the toughest conditions and excellent traction on snow and ice, it is a reliable companion in wintry road conditions

15 Mud flaps

Protect the underbody and the sides of the car from loose chippings and dirt

Telematics

Multimedia
Navigation
Telephony

01 iPad docking station for
rear compartment

Multitasking

Preprogram a good mood in the rear of your C-Class. With the new iPad docking station for the rear compartment, for example, which provides a secure and ergonomically optimised mount for your precious devices. Or with the Rear Seat Entertainment System, designed to deliver one shared or two separate entertainment programmes.

Whatever you choose, the telematics solutions for your C-Class always benefit the driver: directly in the case of the fully integrated navigation systems, for example, and indirectly by ensuring a good mood in the rear of the car.

02

01

01 iPad® docking station

Mobile entertainment is the big draw of the Apple iPad. The innovative docking station allows the tablet computer to be integrated into the rear of the C-Class. The tablet PC's battery is charged from the moment it is inserted into the mount. All of the entertainment options stored on the iPad are available whilst driving. If the car is also equipped with the InCar Hotspot, even an iPad not equipped with UMTS functionality can be fully connected to the internet

A range of multimedia connections [A and B], 2 sets of infrared headphones [C] and a remote control [D]: the Rear Seat Entertainment System offers everything you need for in-car entertainment

02 Rear Seat Entertainment System

This high-performance DVD system allows the rear passengers to watch DVDs, look at their favourite pictures and even play video games on two superb 17.8 cm LCD colour screens, without disturbing the driver or restricting the rear field of vision. The system's separate DVD players mean that rear-seat passengers have the option of watching a different video source on each screen, allowing each to select their own individual entertainment. The USB and SD card interfaces allow other storage media to be used too. And a separately available video cable allows you to watch video and image files from external sources

The system is designed to be retrofitted in your C-Class – no factory-fitted pre-installation required.
The system is available with one monitor or with two monitors

03 Media Interface video cable

Transforms your Mercedes-Benz into a cinema: the Media Interface video cable allows you to watch videos on the monitor of your COMAND Online – while the vehicle is stationary. Various video sources (e.g. camcorder, iPod video, iPhone, video player, etc.) can also be connected to the Media Interface via the AUX connection

Only in conjunction with Media Interface (Code 518). Does not support your iPhone's phone function.
Please contact your Mercedes-Benz partner for details of other function restrictions

04 SD memory card

The COMAND Online in your C-Class features a slot for SD memory cards. Use the SD memory card as a convenient way to play music

01 Mercedes-Benz InCar Hotspot

Introduces the internet to your C-Class. All you need is a WLAN-enabled device (laptop, mobile phone, MP3 player). The system provides a quick, stable connection to data networks such as HSDPA/UMTS or GSM/GPRS/EDGE via your car's roof aerial. Up to four devices can be connected at the same time

System requirements: Convenience Telephony (Code 386), Audio 50 APS (Code 525 or 511) or COMAND Online (Code 527 or 512); WLAN-enabled end device with WLAN IEEE 802.11 b/g interface

02 Mobile-phone holders

When it comes to selecting a mobile for your Mercedes-Benz, you've never had so much choice. One "click" is all it takes to replace the mobile-phone holder. It takes a matter of seconds and is as straightforward as inserting the mobile into the holder itself.

Changing your mobile and even alternating between different models of mobile no longer presents a problem. There are no compromises when it comes to convenience-enhancing telephone technology either.

Further advantages of a mobile-phone holder:

- Optimum reception quality as a result of using vehicle's external aerial
- Mobile's battery is charged
- Access to internal phone memory
- Convenient operation using multifunction steering wheel

To use a mobile-phone holder, your car must be factory-fitted with optional extra Code 386, Convenience Telephony. Holders are available for various current Nokia, BlackBerry, Apple and Sony Ericsson mobile phones

For further information about using the phone while in your car, go to www.mercedes-benz.com/connect or contact your Mercedes-Benz partner.

02

03

03 Mercedes-Benz Bluetooth® (SAP) telephone module

The telephone module is designed to extend the mobile communication system in your Mercedes-Benz. Just connect it to your Convenience Telephony system (Code 386) in the centre armrest, and start using your mobile via the on-board hands-free system.

Two versions of the Mercedes-Benz Bluetooth SAP¹ telephone module are available: one in the form of a closed box [picture 03] and the other with a corded handset [not pictured]. Both versions feature a SIM card reader.

Other advantages of the telephone module:

- Access to contact details saved on your SIM card
- Optimum reception quality as a result of using vehicle's external aerial
- Read and receive text messages
- Charge mobile phone via USB interface (closed box only)

1) SAP (SIM Access Profile) allows the module to read your mobile phone's SIM card

01 Becker® MAP PILOT

Transform your Audio 20 CD radio into a high-performance, easy-to-use navigation system. Becker MAP PILOT uses the standard-fit screen and is conveniently operated via the vehicle controller and the Audio 20 CD keypad. The plug-in navigation module can be connected to your PC via USB to download the latest updates from the Becker website

Available in Europe only

02 COMAND Online multimedia system with 6-DVD changer

High-performance multimedia system with 6-DVD changer, hard-drive navigation system, telephone keypad and internet browser, shown on high-resolution, 17.8 cm colour display.

- Navigation system with 2D/3D map views, Speed Limit Assist and automatic congestion avoidance (TMC Pro)
- Internet access when vehicle is stationary
- MUSIC REGISTER with 10 GB storage for diverse audio files (MP3, WMA, AAC), USB interface incl. CD cover display and AUX-IN connection (in centre armrest), Bluetooth interface with hands-free function and audio streaming for music playback, slot for SD memory cards, DVD Video
- LINGUATRONIC voice-operated control system for audio, phone and navigation

03 Europe navigation DVD for COMAND Online

Rediscover navigation. *In recent years integral navigation has made journeys more relaxed, less time-consuming and, above all, safer. If you want to continue to enjoy these advantages to the full, we recommend that you regularly replace the navigation DVD in your navigation system with the latest version. Ensuring that the data you're using matches the roads you're travelling on. And that the only surprises you encounter during your journey are of a pleasant nature. The data for the Mercedes-Benz navigation systems is regularly updated. Please ask your Mercedes-Benz partner for the latest navigation DVDs*

A close-up photograph of a car's door sill plate. The plate is made of a polished, reflective metal, likely chrome. It features a dark, rectangular inset in the center where the text "Mercedes-Benz" is printed in a vibrant blue, stylized script font. The plate is mounted on a dark, textured surface, possibly the car's interior floor or a carpet. In the upper left corner, a portion of a black, circular object, likely a door hinge or a part of the door handle mechanism, is visible. The lighting is bright, creating a strong reflection on the metallic surface of the plate.

01 Illuminated door sill panel

Added value

When you take your seat in a Mercedes-Benz, expectations are always high – partly, of course, because of the exceptional driving experience, but also because of the on-board atmosphere, which leaves little to be desired in the way of comfort and material quality.

Mercedes-Benz floor mats are no exception here. These are the interior components which have to withstand the highest wear and tear, so we pay great attention to their development, testing them for temperature-resistance, wear-resistance and resistance to moisture.

After all our aim is to surpass your expectations.

- 01 CLASSIC rep floor mats
- 02 CLASSIC velour floor mats
- 03 CLASSIC all-season floor mats

Durable, hardwearing materials. Available in black [A], alpaca grey [B] and almond beige [C] to match the interior. Can be clip-fastened to the floor of the vehicle to prevent slipping

- 04 Illuminated door sill panels

The blue illuminated Mercedes-Benz lettering is activated every time you open the door to get in or out. These illuminated door sill panels, in ground stainless steel, are a further “highlight” of the C-Class

Interior

Interior appointments

05 Stainless steel pedal covers

Pedal covers in ground stainless steel with non-slip stud panel. Available for automatic and manual models

06 Coat hanger

Robust coat hanger made from chromed metal. Easy to fit to the front head restraints. The ideal way to transport items of clothing without creasing them | not pictured

07 Back cushion

Ergonomic, individually adjustable cushion, designed to support the back on long journeys. Available in anthracite | not pictured

08 Vario bag

Plenty of extra stowage space for the really important things in life. Available in “DaimlerSquare” design

Cup holder for the centre console

Black. Insert for the centre console. Holds up to two drink containers within easy reach. The insert simply slots into the standard stowage compartment in the centre console | not pictured

Mercedes-Benz child safety

All Mercedes-Benz child seats are available in the limited-edition “Limited Black” design. The covers are washable and very hardwearing. Replacement covers for the head sections of all seats are available in flannel grey and chilli red [pictures 04 and 05] as well as a complete replacement cover in the popular “DaimlerSquare” design [picture 06].

Mercedes-Benz child seats are available with automatic child seat recognition as an option. If your car also has automatic child seat recognition, the front passenger airbag is automatically deactivated when a child seat with automatic child seat recognition is installed on the front passenger seat. All child seats are also suitable for use in vehicles without ISOFIX attachment points.

01 “KidFix” child seat

Booster seat for optimum side-impact protection, with height-adjustable backrest. The “KidFix” seat is secured using the 3-point seat belt and ISOFIT attachment points. Available with automatic child seat recognition as an option. For children between the ages of around 3.5 and 12 (15 to 36 kg)

02 “BABY-SAFE plus II” child seat

The patented D-SIP® system offers optimum side-impact protection for babies from birth. The integral recline system allows a flatter reclining position for your newborn. Headrest and harness height can be adjusted to suit your child. For babies up to around 15 months (up to 13 kg)

03 “DUO plus” child seat

Optimum safety for children between the ages of around 8 months and 4 years (9 to 18 kg). Fitted as standard with top tether, an additional belt for securing the head section, a height-adjustable shoulder belt and ventilation channels. With automatic child seat recognition and ISOFIX attachment points. Adjustable tilt

04–06 Child seat covers

Replacement covers are available for all child seat models – either in the form of a cover for the head section in flannel grey [picture 04] or chilli red [05] or as a complete replacement cover in the popular “DaimlerSquare” design [06]

07 Lateral support headrest for integral child seat

Supports your child’s head and shoulders and enhances comfort, particularly for a sleeping child. Ensures optimum seat belt routing in conjunction with the integral child seat. For children aged between around 2 and 12 (12.5 to 36 kg). Cannot be used in conjunction with cover for integral child seat

08 Padded play table for integral child seat

Protects the child’s abdomen when using the integral child seat. For children between the ages of around 2 and 4 (12.5 to 18 kg)

Cargo & Care

Carrier systems

Boot/load compartment accessories

- 01 Mercedes-Benz roof box 450
- 02 New Alustyle basic carrier bars

Extra load

The Mercedes-Benz C-Class is a car that delivers high performance across the board. It offers outstanding transport options which you can extend to meet your individual needs using the genuine accessories shown here.

01 Alustyle "easy-fix" basic carrier bars for the Estate

02 New Alustyle basic carrier bars for the Saloon

The Alustyle system opens up a wealth of flexible options when it comes to transporting sports equipment and luggage. Simply combine the Alustyle basic carrier bars with a variety of different roof-mounted carriers which you can see here and on the following pages. The basic carrier bars are precisely tailored to the body of your C-Class, ensuring the highest degree of safety and optimum aerodynamics

03 Transport and stowage bag

Robust bag, made from a high-quality nylon fabric. Protects the basic carrier bars and makes it easier to transport them

*Boxes open on both sides
for convenient loading and
unloading*

Mercedes-Benz roof boxes

Elegant, aerodynamic design, made for your Mercedes-Benz. High-quality, extremely durable material. 450 and 330 models open on both sides for convenient loading and unloading

04 Mercedes-Benz roof box 450

Family box. Capacity approx. 450 litres. Available in black metallic, silver metallic and titanium metallic. Optional accessories: luggage set and ski rack insert

05 Mercedes-Benz roof box 330

Sports box. Capacity approx. 330 litres. Available in titanium metallic and matt silver. Optional accessories: luggage set and ski rack insert

06 Luggage set for Mercedes-Benz roof box models 450 and XL

Four bags, designed to make perfect use of the space available in the roof boxes. Made from hardwearing, water-repellent polyester. Plus two matching ski bags, each designed to hold max. two pairs of skis. Ski bag also available separately.

Luggage set for Mercedes-Benz roof box models 330 and L

02

Cargo & Care

Carrier systems

03 New Alustyle bicycle rack

Depending on the permissible roof load, up to four bicycle racks can be fitted per pair of basic carrier bars. Each bicycle rack can hold one bicycle with a max. frame diameter of 98 mm (circular frame tubes) or 110 x 70 mm (oval frame tubes). The support frame folds down when not in use, reducing drag when travelling without cycles. Cycles can either be attached to the rack once it has been fitted to the roof or before it is fitted

04 Coil lock

Designed to help prevent theft. Available as an option for the bicycle rack

01 Rear-mounted bicycle rack for trailer coupling, folding

Easy-to-use, lockable rear-mounted bicycle rack, designed to provide secure transport for 2 or 3 cycles. Rack is easy to attach to trailer coupling, and cycles are equally easy to fit to rack. An ingenious roller mechanism means that the boot/load compartment can still be opened, even when cycles are attached [A]. The rack is easy to fold [B] for space-saving stowage in the boot/load compartment, at your holiday accommodation or at home. The robust nylon transport bag is designed to protect the folded bicycle rack when stowed

Rear-mounted bicycle rack for max. 2 cycles

A000 890 1493

Rear-mounted bicycle rack for max. 3 cycles

A000 890 1593

Picture shows similar product. Available from 3rd quarter of 2011

02 Trailer coupling

Folds away using control in boot/load compartment.

Max drawbar load: 75 kg

03 Adapter

For trailer with 7-pin plug

04 Tie-down strap

Even heavy objects can be secured in place easily using this strap

01

01 Partition/divider

Black. Two interconnecting steel mesh sections used to divide the load compartment and to shield the passenger compartment. Partition features door

02 Deep boot tub

The hygienic way to transport items in the load compartment. Suitable for transporting foodstuffs

03 Shallow boot tub

Simple to clean. Non-slip thanks to PP-Flex material. Suitable for transporting foodstuffs

04 Load compartment cover

Helps keep your C-Class's load compartment clean. Black. Can be extended up to 1st row of seats

05 Luggage nets

Available for the floor and sides of the boot/load compartment, the rear bench seat and the load sill. Prevent lightweight objects from sliding around during your journey. All nets are in pocket format

06 Reversible mat

The reversible mat has a high-quality velour side and a non-slip side. It helps keep the original floor of the load compartment clean. Available in black. Can be connected to concertina load sill protector

07 Non-slip mat

Black. Non-slip mat made from oil and acid-resistant polyester. Designed to fit the contours of the boot/load compartment

08 Concertina load sill protector

Protects bumper and load sill from scratches. Can be connected to reversible mat

Cargo & Care

Boot/load compartment
accessories

**01 Concertina bags
for EASY-PACK load-securing kit (Code 942)**

Two bags made from robust, washable nylon, attached to a sturdy aluminium frame. The frames are simply slotted into the load system strips in either side of the load compartment floor. Each bag features two large stowage compartments and has two straps, making it easy to remove and carry. Once fitted, the bags are simply opened out concertina-style. The two bags are fitted opposite one another and feature Velcro fastenings which allow them to be joined in the centre

02 Stowage crate

Can be divided into four sections using the adjustable partitioning elements. Ideal for transporting items you don't want to tip over or slide around. The crate can be secured in place by means of Velcro. Full functionality only in conjunction with the shallow boot tub

03 Shopping crate

Anthracite. Collapsible

04 Coolbox

Black/grey. Hard case with fabric cover featuring pockets for extra items. Cold/hot switch. Capacity: 24 litres. 12 V connection. Adjustable carrying strap

05 Coolbag

Black. Fabric outside, plastic liner inside. Outside pockets offer plenty of room for extra items. Capacity: 12 litres. 12 V connection. Adjustable carrying strap

04 05 06

06 Rectifier

Allows the coolbox and the coolbag to be connected to a 230 V socket at home

07 Charger with trickle charge function

With its cutting-edge technology, the Mercedes-Benz charger ensures the longest possible battery life. Available in a 3.6 amp version and a 25 amp version

08 Vehicle tool kit

6-piece tool kit in practical zipped bag. Includes jack, wheel wrench, wheel centering bolt, chock, shim plate and gloves

09 Box of replacement bulbs

The box of replacement bulbs ensures that you always have the right bulbs at hand for your C-Class. So if one of the bulbs fails or you're driving in one of the many countries where daytime running lamps are compulsory, you're well prepared

10 Fluorescent jackets

Already compulsory in many countries, the bright orange and yellow fluorescent jackets with reflective stripes are conspicuous even in the dark. Available individually or as a pack of two

Cargo & Care

Boot/load compartment
accessories

I. Design & Development

Mercedes-Benz genuine accessories make your dream car a reality – while ensuring that it remains a Mercedes-Benz through and through:

- Individualisation options are developed in accordance with the Mercedes-Benz car design philosophy
- The use of CAD data from Mercedes-Benz Vehicle Development ensures precision-fit accessories

II. Quality & Safety

When it comes to Mercedes-Benz vehicles, quality and safety are paramount. You can feel equally safe with Mercedes-Benz genuine accessories as a result of:

- Stringent safety measures and extensive load testing, including the use of crash test facilities and the wind tunnel
- Harmonised development of both vehicle and Mercedes-Benz genuine accessories
- The highest of standards, far in excess of those prescribed by law

Mercedes through and through

Quality
& Safety

When you drive a Mercedes-Benz, you do so for the best of reasons. Why should your choice of accessories be governed by different standards? Pioneering when it comes to design and technology, Mercedes-Benz genuine accessories deliver on the promises of a major brand.

III. Function & Operation

Mercedes-Benz genuine accessories form part of the vehicle concept from the outset. This results in impressive functional solutions:

- ▶ Fully integrated telematics products can be operated safely and conveniently using the multifunction steering wheel
- ▶ Roof-mounted carrier systems can be fitted quickly and without the use of additional tools
- ▶ Instructions and manuals are in standard format and easy to understand

IV. Advice & Fitting

No one is as familiar with the ins and outs of your vehicle as our employees. And the same goes for Mercedes-Benz genuine accessories:

- ▶ Contact your Mercedes-Benz Service and Sales partners for expert advice
- ▶ Trust our trained specialists when it comes to fitting Mercedes-Benz genuine accessories
