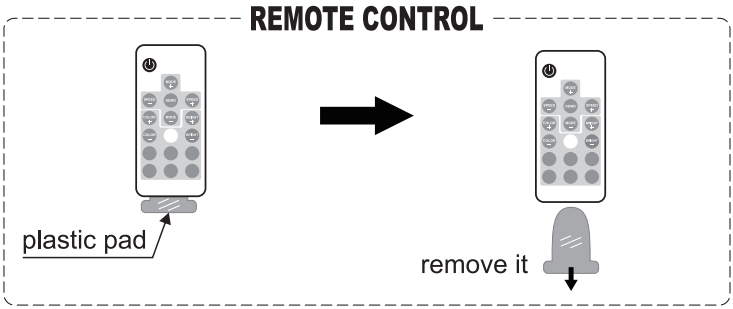
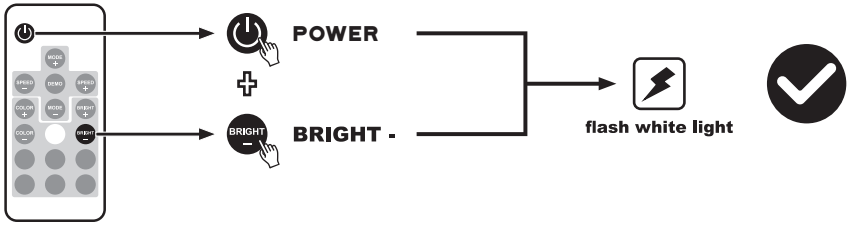
CONGRATULATION!!

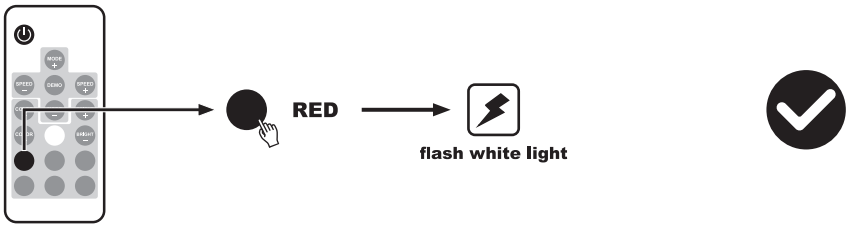


Set the LED light controlled by a specific remote

step1. Unplug the LED light and wait for a few seconds.

step2. Plug in the LED light, **within 5 seconds**, press and hold the "POWER" and "BRIGHT-" buttons at the same time until the LED flash white light.



The LED light strip is currently restricted to be controlled only by this remote.


However, if you press and hold the red button until the LED flash white light, it will restore the ability to be controlled by any remote.
