FAQs & more

## FIRST TIME SETUP: BLUETOOTH PAIRING

- 1 Turn on the Bluetooth in your device settings.

- 2 When the JBuddies Studio Wireless Headphones are powered off, press and hold the Power Button for approximately 10 seconds.

**Fast blinking red and blue light** indicates searching for Bluetooth device.

- 3 Select "JLab JBuddies Studio BT" in your device settings to connect.

When the headphones are paired, voice prompts "You are connected" and **blue light will flash slowly**.

#### Notes:

- Bluetooth is a wireless radio technology, which means it is sensitive to objects between the headphone and the connected device. The headphone is designed to be used within 33 feet (10 meters) of a connected device, with no major objects in between (walls, etc.).
- Once successfully connected, the headphone will memorize your device and automatically pair when turned on in the future. Only one device may be connected at a time. To pair a different device, first unpair the current one through its Bluetooth settings.
- If for any reason Bluetooth connection is lost, manually reconnect your Bluetooth device.

## CHARGING

Connect the Micro USB cable to computer or USB 5V 1A (or less) output device.

## CONTROLS

### BLUETOOTH PAIRING:

(Follow First Time Setup: Bluetooth Pairing)

**POWER ON / OFF:** Press and hold 3 seconds  
(Slow blinking blue light indicates power is on)

### OPTION 1:

### OPTION 2:

## GO WIRED

Connect the **AUX CABLE** to a device for a wired connection.

## CAUTIONS

- Avoid getting moisture or liquids on the headphone cups.
  - Avoid extreme heat, cold, and humidity.
  - Avoid dropping or crushing headphones, stressing the cable by rapid pulling or extreme force, or bending the cable at a sharp angle.
  - Wax may build up in headphone cups, lowering the sound quality. Carefully remove the wax with a cotton swab or other small tool to improve the sound quality.
  - If you experience discomfort or pain, try lowering the volume or discontinuing use temporarily.
  - If you experience regular discomfort while using this product, discontinue use and consult your physician.
  - We recommend you treat your headphones as you would a nice pair of sunglasses and keep them in safe location when not in use.
