

ANVS Dog Food Storage Container FAQ

Q1: I see some people commenting that it cannot hold 20 lbs of dog food. What is the actual capacity of it?

A: Due to the varying sizes of pet food kibbles, the overall size of the pet food storage container may differ. It can hold up to **20 liters of water, 15 kg of rice**. If your dog food has **larger-sized kibble**, the maximum capacity is **15 pounds**. For **smaller kibble**, the maximum capacity is **20 pounds**.

Q2: Is this collapsible pet food storage container made of food-grade materials?

A: Yes, our collapsible pet food storage container is made of food-grade materials that are safe for storing pet food and keeping it fresh.

Q3: What if I want to return an item past the Amazon return period?

A: No worries! We offer a 1-year warranty. If the return period has expired, simply contact us, and we'll work to resolve the issue and enhance your Amazon shopping experience.

Q4: Is this collapsible pet food storage container suitable for outdoor activities or travel?

A: Yes, our collapsible pet food storage container is lightweight and portable, making it ideal for outdoor activities, camping trips, or travel with your pet.

Q5: Can I use this collapsible pet food storage container for other purposes besides storing pet food?

A: Absolutely! Our versatile collapsible pet food storage container can also be used for storing treats, toys, or any other pet essentials.

Q6: What are the contents of the packaging?

A: ANVS Dog food container included : 20lbs Dog Food Storage Container, 2.5L Small Container, Scoop and 2PCS Stickers
