

Browning Trail Cameras: Strike Force FHDR40 (40MP)

Built to Perform, Day and Night

The Strike Force FHDR40 delivers a new level of reliability and performance for trail monitoring. Featuring 40MP photo resolution and 1080p Full HD video with sound, this camera ensures every image and video is crisp, clear, and packed with detail, whether you're scouting during the day or monitoring at night.

When it comes to nighttime performance, the FHDR40 stands out with its Gen 2 Night Optics System and Radiant 4 Illumination Technology. With a 35m+ infrared flash range and adjustable flash modes, this camera adapts to your needs, capturing sharp, well-lit images in any condition. Illuma-Smart Technology further enhances low-light shots for reliable performance in the field.

Designed for speed and efficiency, the FHDR40 boasts an ultra-fast 0.135-second trigger speed and 0.5-second recovery time, ensuring no moment goes unnoticed. Its rugged design, long battery life, and compact build make it a dependable choice for any outdoor adventure.

Model Number: **BTC-5FHDR40**

Camera Features:

Image & Video Quality

- 40 MP
- 1080p Full HD Videos with Sound (5 sec. - 2 min. length)
