

HD 3600 DH

Commercial Cold Water Gasoline High-Pressure Washer

Kärcher means professional! From the world's largest manufacturer of pressure washers and the inventors of the hot-water high pressure washer comes the ultimate in high-pressure cleaning. The HD 3600 DH is a German engineered high-performance pressure washer, designed for the toughest cleaning jobs. It has many industry-leading features, such as Kärcher's direct-drive pump with brass head and a unique, protective cage-like frame design with a 100 ft. hose reel. In addition, each pressure washer is 100% quality tested before it leaves the factory and is backed by one of the best warranties in the industry.

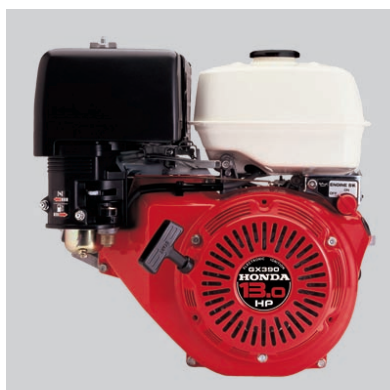

Thermal **pump protection device** prevents pump from overheating

German engineered Kärcher **industrial-grade direct-drive axial pump** with brass pump head for durability and extended service intervals

Built-in **detergent injection system**

Dirtblaster® Rotary Spray Nozzle included — increases cleaning power by up to 50% (compared to regular fan-jet nozzles)

Industrial-grade, **easy-to-start Honda engine** (GX Series) with oil alert system

Pro-style accessories, industrial-grade trigger gun, spray wand and 50 ft. hose

Extensive accessory storage for detergent siphoning tube, nozzles and detergent tray, integrated into front panel — Standard 100 ft. hose reel

Compact and rugged frame design — reinforced frame for tough cleaning jobs protects hose from touching hot muffler

HD 3600 DH

Commercial Direct-Drive Cold Water Gasoline High-Pressure Washer
