SOUND BY BOSE

Skullcandy teamed up with Bose to bring you a high-fidelity audio experience defined by clarity of sound and depth of range. Everything from ear gels to audio architecture is optimized for ideal performance. No compromises, just great sound.

SUPERIOR ACTIVE NOISE CANCELING

Welcome to next-level noise cancelation. Eliminate the world around you and sink into an undisturbed listening experience. Need to tune into your surroundings? Turn on Adjustable Stay-Aware Mode instead.

CLIP-ANYWHERE DESIGN

Clip It and Rip It with effortless carry and stand-out style. Skullcandy's signature slider case and O-ring design clips to your backpack, key ring or pants so it's always close-at-hand and ready for action with a look that shouts Skullcandy.

TAP, TUNE, TRANSFORM

Unlock Method 360 ANC's full potential with the Skull-iQ App. Choose one of 3 preset EQ's or customize your own, reconfigure the button functions, adjust your Stay-Aware Mode and more.

CUSTOMIZE YOUR FIT

Included ear gels and fit fins in three sizes let you dial in the perfect fit, so you stay locked in and comfortable no matter how hard you go.
