

SuperTuffMenus Template: Small Square Menu

Finished Size: 150mm x 150mm

Finished Size

The finished size of your menu.
All straight edge SuperTuff Menus are round
cornered as standard.

Bleed

This is the area extended beyond the crop marks
for us to cut off so that there are no white lines at
the edges. We need this so that we can get ink
right to the edge of your menu.

Safe Area

Please don't put text too close to the edge as this
would be in danger of being cut off. Please ensure
all important text and info are at least 5mm from the
finished size to avoid being cut off.

This is your template, please use
this as a guide to make sure your
artwork is correct.

Your PDF should be created in
Full Colour CMYK and supplied
with front and back
as 2 separate pages, in one file.

Please convert all spot colours
and RGB to **CMYK colour**
mode with **crop marks** and
3mm in bleed. Fonts should
be **embedded** or **converted to**
outlines. Images should be
300dpi or higher.

Design Tip - Price Presentation

Would you be pleased with your waiter or waitress if
they started to tell your customers about food on the
menu beginning with the price?

Next time you are out looking at a menu (not your
own) and the prices are all neatly aligned on the right,
I bet you look at the prices before you read all the
words about the dish on offer. Be honest. We all do it.

Do this:

Pan fried seabass,
crayfish and tomato risotto
shaved fennel salad and salsa verde.18

Baked haddock
saute greens, peas, lemon
and parsley veloute. 13

Wild mushroom risotto
with rocket and parmesan. 13
