# 1. WARNING

Thank you for purchasing the BUTURE VC50 cordless vacuum cleaner. Before using this machine, please read the following safety warning first and take safety protection measures to avoid malfunctions caused by improper operation.

- ① This BuTure appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction by a responsible person concerning use of the appliance to ensure that they can use it safely.
- ② Suitable for dry locations only. Do not use or store outdoors with wet surfaces. Do not handle any part of the plug or appliance with wet hands. Store properly in a dry place indoors.
- ③ Do not use a damaged cable or plug. If the device or charger does not work properly, dropped, damaged, missed or dropped into water, please contact tech-support@ibuture.com , BuTure after-sales team for support.
- ④ Do not vacuum flammable or combustible liquids, such as petrol, or use in areas where liquids may be present.
- ⑤ Turn off the power switch before plug or unplug the adapter.
- ⑥ Do not vacuum anything that is burning or smoking, such as cigarettes, matches or hot ashes.
- ⑦ Do not use without filters or dust cup to avoid damaging the motor and contaminating the air. Wash hands after using the vacuum cleaner.
- ⑧ FIRE WARNING: Do not place this product on or near a cooker or any other hot surface and do not incinerate this appliance even if it is severely damaged. The battery might catch fire or explode.
- ⑨ Unplug the charger from the power outlet before performing routine cleaning or maintenance.
- ⑩ Battery leaks may occur under extreme conditions. If any liquid gets on your skin wash quickly with soap and water. If liquid gets into your eyes, rinse with water for at least 15 minutes immediately. Seek medical attention immediately.
- ⑪ Charge the unit with the charger we provided.
- ⑫ Avoid using this product to vacuum hard, sharp objects, as this may cause damage.

**Note:** The vacuum cleaner adopted thermal protection technology to prevent overheating, will stop working when the item is over-heated.

## Federal Communication Commission Interference Statement

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

## Correct Disposal of this product

This marking indicates that this product should not be disposed with other household wastes throughout the EU. To prevent possible harm to the environment or human health from uncontrolled waste disposal, recycle it responsibly to promote the sustainable reuse of material resources. To return your used device, please use the return and collection systems or contact the retailer where the product was purchased. They can take this product for environmental safe recycling.
