

BUYING GUIDE

HEMNES

Storage series

DESIGN

Carina Bengs

CARE INSTRUCTION

Wipe clean with a cloth dampened in a mild cleaner.

Wipe dry with a clean cloth.

GOOD TO KNOW

Be sure to follow the instructions in the manual for charging electronic equipment. We recommend that you switch off the power supply when leaving electronic equipment unattended for a longer period.

The material in this product may be recyclable. Please check the recycling rules in your community and if recycling facilities exist in your area.

SAFETY

Secure It! Prevent tip-over injury. Furniture with included restraints must be secured to the wall according to the assembly instructions.

Different wall materials require different types of hardware. Use hardware (sold separately) suitable for the walls in your home.

Living room and workplace in the same style

In the HEMNES series you'll find everything you need to make your living room pleasant and practical — and even create a workplace for productive work, too. Choose between tables, bookcases, glass-door cabinets, TV units and desks — many with smart solutions that help you organize just about everything, from cords to flatware, binders and knick-knacks. All pieces in the HEMNES series share the same genuine solid wood and timeless design, so it's easy to coordinate pieces and make a matching workplace that looks great in your living room, or anywhere in your home.

Beautiful in a natural way

There is something special about HEMNES — and one important reason is that all the furniture in the series is made of solid wood. Wood is a natural material that ages beautifully and is both durable and renewable. That's very important, of course, but the feeling it gives is just as important; the solid wood gives character and natural beauty to the furniture. That will make you want to live with it in your home for a long time — and it will become more beautiful and more personal for every passing year.

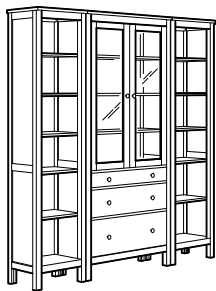

A high standard of accuracy has been sought in the preparation of this buying guide. We apologize for, but will not be bound by or responsible for, errors and omissions in this buying guide.

Not all products may be available in all stores. See what is available at your local store by visiting IKEA-USA.com. For more detailed product information, see the price tag or visit IKEA-USA.com. All products shown require assembly. All textiles shown are imported.

WALL ANCHORING GUIDE

If your wall material is not listed or if you have questions, consult with a local hardware retailer.

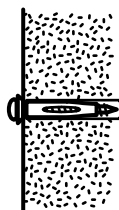

We all want our homes to be a safe place. But in our homes, accidents can put children at risk. Working together, we can help prevent these accidents and make the home a safer place.

- Secure it! Use the tip-over restraint provided with the product and the right hardware for your wall type. Consult the enclosed guide for help with hardware.
- Never put a TV or other heavy objects on top of a chest of drawers or any furniture not intended for use with a TV.
- Place heavy objects in the lowest drawers.
- Never let children climb or hang on drawers, doors or shelves.

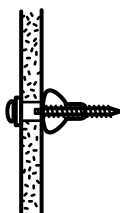

Wall Material: Drywall or plaster with available wood stud.

Anchoring device: Screw inserted directly into stud. For example, a ¾" wood screw provided with IKEA FIXA plug and screw set.

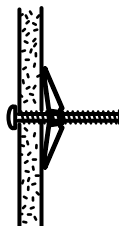

Wall Material: Masonry.

Anchoring device, solid wall: Plug with screw. For example, a ⅝" plug provided with IKEA FIXA plug and screw set.

Wall Material: Drywall or plaster without available wood stud.

Anchoring device: Plug with screw. For example, a ⅝" plug provided with IKEA FIXA plug and screw set.

Anchoring device, hollow wall: Toggle-style.

INTEGRATED LIGHTING

Conventional or connected smart IKEA lighting?

Good lighting makes life easier and helps you set the right mood. The options here are made for furniture like HEMNES. They let you light up your favorite pictures and collections and enjoy the cozy reflected light. And of course lighting makes finding things easier, on shelves or even inside cabinets.

The TRÅDFRI LED driver makes MITTLED, TVÄRDRAG and YTBERG smart and gives it the ability to be wirelessly dimmed with the TRÅDFRI wireless dimmer and to be connected to the DIRIGERA hub.

MITTLED LED spotlight 3", 2.2 W. Provides a focused light that is good for lighting smaller areas. To be completed with TRÅDFRI LED driver and ANSLUTA power supply cord. Dimmable with TRÅDFRI wireless dimmer and DIRIGERA hub, sold separately.

Black	504.721.39
White	404.536.45

TVÄRDRAG LED cabinet lighting A lovely traditional cabinet lamp. The metal shade creates a direct light that illuminates your cabinets. If you want the lamp's light to be directed into your display cabinet, just angle the lamp head inwards. You can turn up to 6 light sources on and off simultaneously if you complete with ANSLUTA driver. If you also want to be able to dim, choose TRÅDFRI driver and remote control instead, sold separately.

Black, 1.5 W	405.168.41
--------------	------------

YTBERG LED cabinet lighting 1.5W. Built-in LED light source. You can bend, angle and move this slim lamp sideways to direct the soft light precisely over your cabinet or wardrobe. A perfect choice if there is little space between the top and the ceiling.

Black	105.278.98
White	505.168.31

RODRET Wireless dimmer/power switch Now it's really easy for anyone to use smart lighting. With RODRET wireless dimmer you can control your light sources – turn on, turn off and dim so you always have the right light and mood at home. Requires 1-AAA battery. Sold separately.

White	805.598.00
-------	------------

STYRBAR Remote control With STYRBAR remote control you can dim your TRÅDFRI connected lighting without a wired installation. A magnet makes it easy to attach the remote control to the wall bracket. Requires 2-AAA batteries. IKEA recommends our sustainable LADDA rechargeable batteries. Batteries are sold separately. Works with IKEA Home smart.

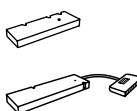

White	804.883.70
Stainless steel	504.636.15

When you use the DIRIGERA hub, you can control TRÅDFRI connected lighting from the IKEA Home smart app in different ways together with other TRÅDFRI lighting in your home. The smart remote control lets you dim and change the color temperature from colder to warmer light without moving from your favorite spot. All our lighting is energy-efficient LED, saving money on your electricity bills.

ANSLUTA LED driver with cord You can connect up to six units to the LED driver, as long as the total wattage does not exceed 19 W. Power consumption standby/off mode: <0.75 W.

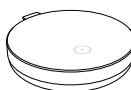

L11'6"	904.058.45
--------	------------

TRADFRI LED driver Now it's really easy for anyone to use smart lighting. This driver allows you to connect your integrated lighting from IKEA — turn on, turn off and dim so you always have the right light and mood at home. When you add the DIRIGERA hub and IKEA Home smart app, you can create several groups of light sources and control them in different ways. Use the wireless dimmer to dim, turn on/off up to 10 light sources — all will behave in the same way. Helps lower your electric bill because dimming the lights saves energy. Must be completed with ANSLUTA power supply cord, sold separately.

Up to 10W, connect up to 3 fixtures	103.561.89
--	------------

Up to 30W, connect up to 9 fixtures	603.426.61
--	------------

DIRIGERA Hub for smart products With DIRIGERA hub and app you can control each light source individually, create different types of lighting settings, and control them by the IKEA Home smart app or personal assistant via Apple HomeKit, Amazon Alexa or Google Home.

White	505.034.14
-------	------------

ANSLUTA Power supply cord Main power supply connector for IKEA integrated lighting products using the TRÅDFRI driver. Turn them all on and off simultaneously with a single cord switch.

11'6"	301.214.11
-------	------------

ANSLUTA Intermediate connection cord Can be used as a direct connection between TRÅDFRI LED drivers, e.g. between two sections of wall cabinets, with one single connection to the main supply.

28"	401.199.26
