PYROLYTIC CLEANING

Pyrolytic self-cleaning oven technology means one less kitchen chore. The oven heats to a temperature approaching 500°C for up to three hours and carbonises grease and food residue to a fine ash that can be easily wiped out with a damp cloth. No harsh chemicals are required and the door remains safe to touch.

REFINED TRADITIONAL COOKING

Ten traditional cooking functions including static, fan forced, turbo, grill and more, provides endless cooking options at your fingertips. From creating wonderfully crisped pies, tarts and quiches, to perfectly cooked roasts and vegetables, you can rely on this oven to deliver optimised heating and oven conditions to cook various dishes without odour and flavour transfer.

SIMPLIFIED CONTROLS

Intuitive, easy to read and simple to use, the EVO screen boasts a full colour LCD display. The large 4.3" screen interface illustrates the cooking function, temperature and timer functions which can be easily adjusted with the corresponding touchpads on the control panel.

OTHER FUNCTIONS:

EVER CLEAN ENAMEL

The superior quality of Smeg's signature Ever Clean enamel, which is highly durable and easy to clean, is the result of over 70 years of enamelling expertise; ensuring long-life performance of every Smeg oven.

MINIMALIST DESIGN

An elegant aesthetic that incorporates modern minimalistic design trends, Linea is characterised by symmetrical lines, balance and light. Pair with other Linea Midnight Black appliances to create the ultimate kitchen solution that undoubtedly blends technology with style. Any combination of premium Linea appliances will make a real style statement in the kitchen.
