## iPad Keyboard Case User Manual

\*Make sure keyboard is fully charged when you connect it to your iPad. Charging 2-3 hours first when you newly get it is advised.

\*The keyboard is not waterproof. Please kindly pay attention to get away the keyboard from the water.

### Make sure you get right model keyboard

1.Find your iPad model number in settings:

1>> Settings>General>About

2>>Tap on the model number and a model number in the form of AXXXX will appear

2.Find your iPad model number AXXXX on the back of your iPad

## Charging Questions

- 1.Turn on the keyboard, it should be charged when the battery indicator becomes flashing orange.
- 2.Insert the Micro-USB cable into keyboard and plug the other end into power adapter or computer's usb port, battery indicator becomes steady red light which means the keyboard is charging.
- 3.When the battery indicator turns red to stable green light, the keyboard is fully charged. It always takes 2-3 hours.

### **Maintenance:**

Preserve the keyboard under normal temperature and charge it under normal voltage. If do not use for long time, keyboard needs to be charged once in each month.

## Troubleshooting

- 1.Keyboard can't connect to your iPad when you first get it.  
Charge keyboard case first until it's fully charged.  
Please click "forget this device" to delete all the devices on your iPad Bluetooth list, then restart your iPad and keyboard. Connect them again.  
If the problem is still alive, please kindly contact seller.

- 2.Some characters can't work.  
Turn the keyboard off first and turn on it again.  
You need to check below settings:  
Settings/Accessibility/Touch/AssistiveTouch/AssistiveTouch Off

If the problem is still alive, please kindly contact seller.

- 3.Why I press A but get a Z.  
Go to Settings/Keyboard/Keyboards/English(US)/QWERTY

- 4.Space bar doesn't work.  
You can try below settings first  
Settings/Accessibility/Keyboards/Full Keyboard Access/Commands/  
Then change settings for "Space" from "activate" to "Clear". If it comes back, then you can also turn OFF Full Keyboard Access.  
Once it is cleared, the space bar would work fine.

More info, please kindly check above "Space bar problem-Space bar doesn't work or Insert period"

- 5.Keyboard can't hold a charge.  
Please change another charging cable to test. If is still not workable, maybe there is problem with battery, please kindly contact after-sale team babgstore@hotmail.com with your order ID for a new replacement. May it help to you.

- 6.If there is delay after you press keys, please kindly check one of iPad Settings as below:  
Settings/Accessibility/Keyboards/Slow Keys Off  
Settings/Accessibility/Keyboards/Slow Keys On 0.1 Seconds

- 7.If there is repeated characters after you press certain key, please kindly check one of iPad Settings as below:  
Settings/Accessibility/Keyboards/Key Repeat On 0.1 Seconds  
Settings/Accessibility/Keyboards/Key Repeat Off

- 8.Can't find charging cable in package, you can see below picture. If there is no charging cable in white box, just contact seller on Amazon or our after-sale email babgstore@hotmail.com.

- 9.Don't know how to remove the case.  
Please check the instruction video: <https://youtu.be/DUff3FeOFTk>
