

LUMINEX

NEFL65LCD-3SV | Built-in LCD electric fireplace

The Napoleon Luminex represents the pinnacle of a real fireside experience in an electric fireplace. Advanced LCD technology creates lifelike flames and movements for an authentic ambiance, while each flame crackles with unique sounds through integrated speakers. Offering exceptional installation flexibility, the Luminex can be installed as a three-sided, two-sided, or one-sided fireplace, adapting to any space throughout your home, like a living room, bedroom, kitchen and more where gas lines or venting may not be possible. Control effortlessly with a premium remote, mobile app, or voice activation via Alexa and Google Home for added ultimate convenience. Revel in the genuine magic and warmth of the Luminex Electric Fireplace, bringing both beauty and innovation to your home.

Features

- Requires no venting for easy and cost-effective installations
- LCD technology that creates lifelike flames for a realistic experience

Controls

Remote

Enjoy added convenience with the included premium remote—control every function of your fireplace, including power, thermostat, 7-day schedule feature, flame, sounds, ember bed, and top lights, from the comfort of your couch.

Napoleon Home app

Access more options not included on the remote with the Napoleon Home app. Create your favorite settings, set a weekly schedule, and choose from a multitude of flame, ember bed and top light combinations. Set it and forget it—set a weekly schedule to ensure a consistently comfortable home or workspace.

Smart home compatible

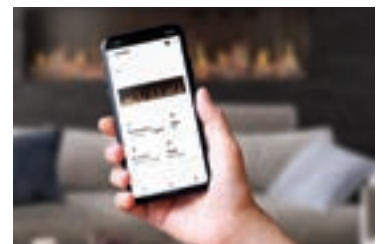

Easily control select fireplace settings with the sound of your voice through Google Home and Alexa devices.

Optional wall mount remote

This sleek, wall-mounted remote is ideal for commercial settings where a traditional remote could easily be misplaced.

Premium remote with digital display

Control with the Napoleon Home app, Google Home, and Alexa-enabled devices

Innovations

Unmatched realism

Advanced LCD technology creates remarkably realistic flames—with multiple patterns where each flame emulates the intricate details of a genuine fire—to suit different styles or moods. Create a captivating and cozy ambiance without gas lines or need for venting.

Built-in speakers

Mimics the crackling and popping sounds of a real fire, matching each flame pattern. This enhances the immersive experience and makes it indistinguishable from traditional fireplaces.

Smart technology

Connect to your phone so you can easily and conveniently control every feature of the fireplace from anywhere, even when you're not home.

Optional wall mount controller with black and white faceplate
