DJM-A9 firmware - change history

ver. 1.11 (August 26, 2025 update)

[FIXED]

✓ Fixed an issue that caused the DJM-A9 to freeze in rare cases when network communication was under heavy load when using PRO DJ LINK.

ver. 1.07 (May 14, 2025 update)

[FIXED]

✓ UASP-compatible USB storage devices could not be recognized.
NOTE: Please use a non-UASP USB storage drive to apply this update. UASP-compatible USB storage devices can be used after this update.

ver. 1.05 (July 18, 2024 update)

[IMPROVED]

✓ Following the Ecodesign Directive (Directive 2009/125/EC) of the European Union, the time needed for the unit to automatically switch off has been changed to 20 minutes when the Power Management function is turned on.

Please note:
- The name of the energy-saving function, (previously called Auto Standby or Auto Power-Off, depending on the model), has now been changed to Power Management.
- To learn more about the Power Management function, see the latest Instruction Manual, which is available online.

ver. 1.04 (April 23, 2024 update)

[IMPROVED]

✓ Security has been enhanced.

ver. 1.02 (November 14, 2023 update)

[FIXED]

✓ Issue now fixed where the insert method would turn off occasionally when switching the input selector when using Multi I/O.

✓ Issue now fixed where DVS function on the phono input wouldn't work on USB-B when occasionally switching the input selector using a PC/Mac connected to each USB-A/B.
