

Honeywell / TP30WKN

20 Pint Dehumidifier(30 pint 2012 DOE standard), E-Star

Powerful dehumidifier for rooms up to 1,500 square feet: The Honeywell Energy Star 20-pint smart dehumidifier is an ideal choice for reliable and long-lasting control of humidity levels in your home. The powerful technology removes up to 20 pints of moisture from the air each day to protect walls, curtains, furniture, and appliances from excess moisture. Removes household allergens: By removing household allergens like mold and dust, the unit combats health complications caused by damp air and excess moisture in your home. And with no filter replacements needed, simply wash the reusable filter under your faucet, with a Filter Clean alert to notify you when to clean. Ideal for a variety of spaces: Perfect for garages, basements, bedrooms, and more, the Honeywell Energy Star 20-pint is an excellent solution for damp rooms. By using less energy than conventional dehumidifiers, Honeywell saves on energy while improving comfort. And when placed in laundry rooms, the unit can help accelerate drying time of hang-to-dry pieces by removing moisture from the air. Reduce humidity with a top-rated, trustworthy brand: Backed by an outstanding warranty, all Honeywell dehumidifiers are top rated by an independent, US-based product safety-testing agency since 2016. With Honeywell, you'll enjoy peace of mind with a brand that you trust. Smart and versatile technology for your convenience: Both Wi-Fi-enabled and compatible with Amazon Alexa voice commands, the unit allows you to control your indoor humidity levels from almost anywhere. When paired with the Smart Dehumidifier App, you can monitor your unit without disrupting your busy routine. Easy to use: Designed with a detachable water tank and comfort-grip handle and no-spill tank guards, you'll enjoy a mess-free process when emptying your dehumidifier. And for continuous drainage, connect the included drainage tube for an even simpler process.

- Energy Star qualified dehumidifier removes moisture with less energy than conventional dehumidifiers
- Removes up to 20 pints of moisture (30 pint 2012 DOE standard) from the air every 24 hours in a room up to 1,500 sq. ft.
- Controls humidity for a more comfortable home environment
- Smart digital humidistat control system automatically senses room moisture levels and activates dehumidification
- LED digital display indicates room temperature, humidity level and timer settings
- 2 fan speeds (high and low) plus 24-hour programmable timer
- Convenient auto restart feature after a power outage
- Low temperature operation down to 41 degrees Fahrenheit
- Water level indicator, full tank light, audible alert and auto shut-off
- Easily detachable, anti-spill water tank with comfortable, ergonomic handle (7-pint capacity)
- Continuous draining option into low-level drain (continuous drain tube and cap included)
- Washable dust filter with Clean Filter alert for optimum maintenance
- Smooth-gliding caster wheels and convenient top handles to move the unit with ease

Honeywell / TP30WKN

20 Pint Dehumidifier(30 pint 2012 DOE standard), E-Star

GENERAL INFORMATION

Manufacturer Part Number	TP30WKN
Manufacturer Website Address	http://www.honeywell.com
Brand Name	Honeywell
Product Model	TP30WKN
Product Name	TP30WKN Dehumidifier
Product Type	Dehumidifier

TECHNICAL INFORMATION

Tank Capacity	3.50 quart
Water Rate per Day	3.75 gal
Coverage	2000 Sq. ft.
Number of Fan Speeds	2
Features	Continuous Drain
	Splash Guard
	Filter Monitor
	Humidistat Humidity Control
	Sleep Mode
	Low Temperature Operation
	Auto Start
	Wheels
	Washable Filter
	Timer
	Energy Saving

PHYSICAL CHARACTERISTICS

Product Color	White
---------------	-------

MISCELLANEOUS

Package Contents	TP30WKN Dehumidifier Drain Tube
Energy Star	Yes

WARRANTY

Limited Warranty	5 Year
------------------	--------
