Charging

1. Earphone charging:
Simply place the earphones into the charging case to charge them.
2. Charging case charging:
It is recommended to use a 5V output charger to charge the charging case. Insert the Type-C charging cable into the charging port of the charging case to charge it.

• Don't put wet earbuds into the charging case, fully dry off the earbuds before charging.

Quick Guide

1

Bluetooth pairing and wearing

Bluetooth pairing

1. Connection inside the charging case: Open the charging case and the blue and white signal lights will flash alternately. Search for the signal [TOZO Open Buds] and connect to it.
2. Connection outside the charging case: Touch the left and right earphones for 3 seconds to turn them on, and then search for the signal [TOZO Open Buds] to connect to it. You can also choose to connect only one earphone for use.
3. After a successful connection, the signal light on the earphones will go off.

Wearing

1. The earphone ear hook can rotate forward and backward, as well as left and right. The touch area is shown in the picture.
2. Adjust the curved part of the rotating earphone to adjust forward, backward, left, and right. Then wear it on the left and right ears respectively, and adjust the earphone's sound outlet to align with the ear canal, as shown in the picture.
