To be used under the direct supervision of an adult only.
Always be vigilant during children's games

*Peculiarities of a product in video may differ from the actual product.
This instruction has the most relevant information.

STEP 1

1. Take the Short sidewall (1.2). There are 5 holes for rods in the Short sidewall.

2. Put the round head screw (2.2) into the hole with the metal washer (see pic.1.1) and screw it into the long nog (1.3).

3. Screw 5 flat head screws (2.1; see pic.1.2) into the long nogs (1.3) through the short sidewall.

STEP 2

1. Take the Long Sidewall (1.1), Long nog (1.3), Left connector (1.4), and Right connector (1.5).
2. Fasten parts 1.4 and 1.5 with screws (2.1).
Letters on the Connectors 1.4 and 1.5 should look inwards, as shown in the picture (see pic.2.1).
Do not tighten the screws 2.1 on the connectors (see pic.2.2).
3. Fasten the rest of the 1.3 using the screws (2.1).

STEP 3

pic.3.1

special hole

pic.3

slightly
push apart

slightly
push apart

Install the screw head
in the special hole

pic.3.2

1. Put the short assembled ladder
(with a protruding screw) on the large assembled ladder.
2. Insert the protruding heads of the screws 2.1
(look at the page #1) into the special holes(see pic.3.1 and pic.3.2).
You can use level regulator, insert it into the short leg with metal
thread through the connector and tighten it. The protruding screw
head will easily go into special hole.
3. Tighten all the screws.

STEP 4

Use level controller 1.6 to change the position of the triangle

tighten the screws
after assembly

1.6 (look at the page #1)

SMALL ARCH ASSEMBLED

ASSEMBLY PARTS

1.1  Arch Sidewall (2pcs)	1.2  Short nog ϕ 30 mm (6pcs)
2.1  Flat head 35mm screw (12pcs + 2pcs spare)	2.2  4mm hex key (1pc)
