

SmallRig

Crab-Shaped Super Clamp Kit (with Magic Arm)

Operating Instruction

SmallRig Crab-Shaped Super Clamp Kit (with Magic Arm) 4454 includes a magic arm, a crab-shaped clamp, and an action camera mount. One end of the kit features a 1/4"-20 screw for mounting an action camera, monitor, LED video light, microphone, etc. The other end can be clamped to the tube, table, tripod leg, or stabilizer handheld ring directly with the crab-shaped clamp. The joint of the magic arm and the crab clamp adopts the anti-twist design to ensure stability and prevent loosening and falling off while moving. The swivel tip design of the clamp improves compatibility with both flat and rounded surfaces by adjusting the swivel of the clamp tips to ensure equipment stability. The clamp can be attached to surfaces up to 50mm (2.0in) wide and includes built-in rubber pads to prevent scratches and increase clamping stability. The action camera mount allows attaching the Cage for GoPro (3084C / 3083C), the Frame for Insta360 X3 (4088B), and the Cage for DJI Osmo Action 4/3 (4119B).

Safety Guidelines

1. Environment

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

2. Load Capacity

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

3. Cleaning & Maintenance

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

4. Structural Integrity

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

5. Malfunctions

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.

In the Box

Crab-Shaped Clamp × 1

Action Camera Mount × 1

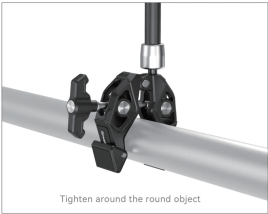

Magic Arm × 1

Guarantee Card × 1

Product Details

Easy to Use

* Note: Load-bearing capacity: 1.5kg / 3.3lb

Specifications

Product Dimensions: 8.3 x 3.8 x 1.1in / 210.0 x 98.0 x 28.0mm

Package Dimensions: 8.7 x 4.5 x 1.6in / 220.0 x 113.5 x 41.0mm

Product Weight: 13.3 ± 0.2oz / 377.0 ± 5.0g

Package Weight: 15.8 ± 0.2oz / 449.0 ± 5.0g

Material(s): Aluminum Alloy, Stainless Steel
