Thank you for choosing WELNOTTI products!
Please read this user manual carefully before using.

About this Product

This charging station can charge mobile phones and tablets simultaneously, suitable for home, office, school, restaurant and other occasions. It will bring you a new charging experience.

Specification

Name: 8-IN-1 60W CHARGING STATION

7-Port 60W Charger Station

Model: YF-CS-607LWU 60W-7USBA-LED-WHITE-

YF-CS-607LBU 60W-7USBA-LED-BLACK-

Dimension: 205(L) X 150(W) X 32.5/76.2(H) mm

Input: AC 100-240V~, 50/60Hz 1.5A Max

Output: 5VDC/9.48A(USB1-7)

Each USB-A 5V/0-2.4A

Wireless Charger Output: 5V/9V DC(5W/7.5W/10W)

Feature

Safety

Eight protections: over current protection, oversurge protection, overvoltage protection, short-circuit protection, overcharge protection, overpower protection and high-quality flame-retardant material.

High efficiency

It adopts synchronous rectification technology to improve conversion efficiency and reduce heat generation and adjust voltage for minimal charging time.

Compatibility

The USB interface is equipped with a smart detection IC that intelligently identifies all digital devices on the market and automatically identifies and delivery optimal current for the device.

Function

It can charge 8 devices at the same time with 7 charging port and 1 wireless charging pad.The maximum output for 7 ports is 60W and 10W for wireless charging pad.You could adjust the baffles brightness or turn it off with the light

Warning

To comply with the published safety standards,the following must be observed when using this charging station.

- 1.The socket shall be installed near the charging station and can be easily accessible.
2. Maximum ambient temperature around the charging station can not exceed 122 °F.
