

# AGELOC® GALVANIC SPA® Quick Start Guide

Unlock your youthful look with visible benefits for your skin and hair in 5 minutes or less.

ageLOC Galvanic Spa is a personal care device that uses galvanic current to help visibly improve the appearance of your skin and hair.

Use the chart below to select the proper conductor and products for your galvanic application.

PRODUCT AND BENEFITS		CONDUCTOR	APPLICATION NUMBER		USAGE
<b>ageLOC Galvanic Spa Facial Gels</b> Firm and lift your skin while removing impurities and helping to visibly reduce lines and wrinkles*.		ageLOC Face Conductor 	Pre-Treat Gel 	Treatment Gel 	Each two-step regimen will take 5 minutes of application time. Use 2–3 times each week.
<b>Tru Face® Line Corrector</b> Target and soften the appearance of fine lines and wrinkles around your mouth, eyes, and forehead.		Focus Area Conductor 			5-minute session. Around eye area: 1–2 minutes. Larger areas: 3–5 minutes. Use twice a day, every morning and night.
<b>ageLOC Body Shaping Gel</b> Visibly contour, firm, and smooth skin on arms, thighs, abdomen, and buttocks.		Body Conductor 			Each target area: 5 minutes. Use three times each week.
<b>ageLOC Nutriol® Intensive Scalp &amp; Hair Serum</b> Strengthen and fortify thin, lifeless hair while nourishing and invigorating the scalp.		Scalp Conductor 			2-minute session. Use twice a day, morning and night.

\*Results obtained from a 2020 third-party professional assessment based on a 4-week in vivo, single-blind, randomised consumer use study with 30 female subjects who used the system three times a week.

**NOTE:** This guide is not intended to provide you with all the information necessary to operate your device or perform an application. Please read through your user's manual in its entirety prior to using your ageLOC Galvanic Spa device or accompanying products. Check with your physician before using ageLOC Galvanic Spa if you have extra sensitive skin, skin conditions, are pregnant, have a pacemaker, are epileptic, wear metal braces, or have a metal implant. **DO NOT** use over any rash, broken capillaries, or an inflamed or open wound. **DO NOT** use longer than the recommended times or frequencies listed above. This cosmetic device may not be for all users or skin types. If you experience any reaction, discontinue use immediately.
