

Induction Cooktop, 90cm, 5 Zones with SmartZone

Series 9 | Contemporary

Black Glass

Ultimate flexibility. A stand-out choice, with four cooking zones that can be combined to create two SmartZones, plus a dual zone.

- Child and pet safe – cooktop remains cool to touch until a pot or pan is placed on the surface
- PowerBoost activates a very high heat, bringing liquid to boil in less than a minute
- Touch&Slide controls easily control each cook zone

FEATURES & BENEFITS

- Precise Control**
Fisher & Paykel induction cooktops offer extremely accurate temperature control from very high to very low heats, so you can sear, sauté; and temper like a pro. Touch&Slide controls react immediately when you adjust the temperature, so you can go from a boil to a simmer in seconds.
- Safer Choice**
Induction cooktops only start heating your pot or pan once you've placed it on the ceramic surface and stop as soon as you

remove it – so you don't have to worry about curious little fingers or leaving an element on.

Easy Cleaning
The surface around your cookware stays cool when you cook – preventing baked-on spills and making cleaning up a breeze. The durable ceramic cooktop surface just needs a quick wipe after use to maintain its good looks.

Enhanced Features
PowerBoost and GentleHeat deliver either very high or very low heat fast for specialised cooking tasks such as searing meat and melting chocolate. An integrated timer keeps you on track.

Superior Efficiency
No heat is wasted during induction cooking because only the cookware is heated, not the cooktop surface. This makes induction cooking more energy-efficient than electric or gas cooktops.

Larger Cooking Area
SmartZone links two cooking zones and controls them as one giving you the flexibility to use large pans and griddles and easily handle bigger food items like pancakes.
