Autumn Winter 2021

I am really excited to make the introduction to our Remington 2021 range catalogue because it highlights some amazing innovations with our new product line up. Building on the success of recent years it is a very positive situation as we continue to grow sales and market share across our region and the enthusiastic response we get to our products gives us great encouragement that our development programme is really being well received in the market. We continue to invest even greater levels of resource into research to understand what consumers really want from the Personal Care products they are looking for and then we take the research findings to create innovative products that really deliver against the needs highlighted by consumers. To support this approach, I would like to give a special mention to the following Hero and Key launch introductions in this new range respectively:

PROluxe You
The new PROluxe You hair styling collection features Intelligent StyleAdapt Technology that learns, adapts and personalises the heat to your hairs' unique styling needs, rather than you having to adapt to it, so you can be confident that you will always achieve your best results. This is personalised styling, just for you.

Power-X Series
The new Power-X Series Hair Clippers deliver precision controlled styling, powerful performance and comfortable cutting. Combining a new dial wheel adjustment, new Micro Fade and ComfortGlide adjustable combs, a powerful motor and Japanese grade steel blades, the Power-X Series enables you to craft your own style at home with control and confidence.

Omniblade
Featuring up to 12 multifunctional attachments to target up to 3 styling zones, the new Omniblade hybrid grooming range offers skin close results and an intuitive design, for complete face & body precision styling.

We continue to work as a global organisation to bring the best possible products to the market that offer great performance and quality that means we can continue to grow the business successfully. This is achieved through great teamwork and cooperation between our colleagues all over the World and also incorporates the feedback we get from all forms of communication we receive as this proves to be so valuable. On this point I would be delighted to hear from you with any comments you may have regarding our Personal Care business as this continues to be of significant importance to our ongoing development.

I hope you enjoy the new range and thank you for the ongoing support.

Kind Regards

Tim Wright

Vice President, GM HPC International

HAIRCARE

We are devoted to helping men and women get the hair they love. We combine our expertise and experience with a passion for innovation to develop styling products that respect and care for hair, whilst achieving great results every time.

The Latest Technology

From advanced heat protection sensors and innovative product designs, to the latest smoothing and strengthening ingredients like keratin, shea oil and almond oil. Remington has drying, straightening and styling tools that are effective and easy to use.

Dry

Start the journey to great hair with our range of expertly designed hairdryers. From the Air3D, with its advanced 3D airflow design to the chic styling of the PROluxe range or the professional power of the ProAir, there's a dryer that's right for everyone.

Straighten

For taming frizz and creating glossy locks, Remington products include features such as advanced floating plates, super-fast heat up times (from just ten seconds), wet-to-straight technology and variable temperatures to get exactly the right temperature for every hair type.

Style

For the latest looks, to add volume and create curls of all sizes we offer a wide variety of tongs, wands, crimpers and rollers.

PROLUXE YOU

JUST FOR YOU

The new PROluxe You™ hair styling collection features **Intelligent StyleAdapt™ technology** that **learns, adapts and personalises the heat to your hairs’ unique styling needs**, rather than you having to adapt to it, so you can be confident that you will **always achieve your best results**. This is **personalised styling, just for you**.

ULTIMATE FACIAL CARE KIT

Save space in your beauty bag, with this one handy product which does it all. The battery-operated Remington Ultimate Facial Care Kit can be used for epilation, cleansing, trimming and revitalisation.

The facial epilator can be used on the chin, upper lip and forehead, as well as maintaining the eyebrows. Its bi-directional function means both eyebrows can be styled evenly and symmetrically.

After you've epilated, the massage roller is the ideal way to revitalise your skin.

The Facial Care Kit also comes with a mini pen trimmer, ideal for precision detailing and trimming.

SHAVING

Remington is a leading brand to offer both foil and rotary shavers*

Offering both is important because not all skin & hair types are the same and we know from research that comfort & sensitivity are important to your consumers. The below guide explains the differences between the two shaver types:

MEET YOUR SHAVING MATCH

Rotary

- Up to 3 rotating blades
- Suitable for normal & less sensitive skin types
- Effective at cutting stronger stubble growth
- Easy to manoeuvre around neck & chin

Foil

- Linear blades often covered by foil mesh
- Kinder to sensitive skin
- Suitable for finer hair
- Close shave
- Everyday shaving
