

CLEANSLATE™

CARPET & UPHOLSTERY
SPOT CLEANER

QUICK START GUIDE

GETTING STARTED

1
Remove Solution Tank from the unit.

2
Add cleaning formula to Solution Tank using the ratio chart in manual and included measuring cup.

3
Slide tank back into the unit. Unwrap hose from unit and attach preferred tool.

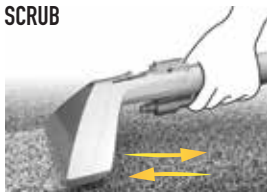

HOW TO USE

SPRAY

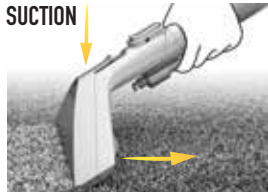

Spray a generous amount of cleaning formula over stain by pressing the trigger behind the tool.

SCRUB

Scrub the stain in a back and forth motion until you see bubbles.

SUCTION

Apply downward pressure on the front of the cleaning tool and pull towards you to lift the stain. Repeat as needed.

TOOLS FOR EVERY MESS

7in WidePath Tool

Tackle stairs and larger messes in fewer passes.

Tight Spot Tool

Clean crevices, corners, baseboards and other tough to reach areas.

Hose Rinse Tool

Flush the hose with water to remove any left behind dirt & debris after use.

PRO TIPS

FOR BEST EXPERIENCE: Use formula ratio chart in manual when filling solution tank. Add water before formula.

FOR BEST PERFORMANCE: Empty the tank, flush the hose, and rinse the tools after each use.

WHEN FULL, THERE WILL BE A CHANGE IN OPERATING SOUND: Empty recovery tank promptly.
