List of Components

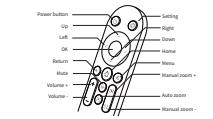

Note: Some components may vary along with the configuration of model and system.

Product Introduction

Remote control description

Basic Parameters

| Display Mode | LCD | Light Source | LED |
|---------------------|----------------------|--------------|----------------------------|
| Product Type | Projector | Dimmerless | 200°/170°/150° |
| Keystone Correction | Automatic correction | Zoom Mode | Automatic focus adjustment |
| Weight | 2.0KG | Throw Ratio | 1.21 |
| Loudspeaker | 3W*2 | Input | 100Ω/100V/200V/200W |
| Output | 10W/32W | Resolution | 1080P |

Indicator Status

| | |
|----------------|--------------|
| Working Status | White lamp |
| Powered on | Normally on |
| Powered off | Normally off |

Power on/off

Power off

Method 1: Press the power button above the Product for 2~3s to power off the Product.

Method 2: Make sure the remote controller has enough power supply, then press the power button on the remote controller to power off the Product.

Troubleshooting

| Fault | Troubleshooting |
|-------------------------------------------|------------------------------------------------------------------------------|
| No display | Power off the Product and reboot system |
| System crash | Power off the Product and reboot system |
| Display error | Power off the Product and reboot system |
| High temperature prompt or auto power-off | Do not block the front air outlet and rear air inlet, then reboot the system |

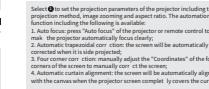

Table of Projection Size and Distance

| Projector dimensions (width × height × depth), "in | Screen Length" width (in) | Len → Screen (in) |
|----------------------------------------------------|---------------------------|-------------------|
| 30 | 6.71" | 6.60 |
| 40 | 8.91" | 11.08 |
| 50 | 11.73" | 14.47 |
| 60 | 13.93" | 17.77 |
| 70 | 15.79" | 20.04 |
| 80 | 17.51" | 23.31 |
| 90 | 19.23" | 26.58 |
| 100 | 22.01" | 29.86 |

Description of Hazardous Substances

| Part Name | Lead (Pb) | Mercury (Hg) | Cadmium (Cd) | Polybrominated Diphenyl Ether (PBDE) | Chlorinated Paraffins (CP) |
|-------------------------|-------------------------------------|-------------------------------------|-------------------------------------|--------------------------------------|-------------------------------------|
| Chassis and accessories | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> |
| Power adapter | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> |
| Battery | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> |

The sheet was prepared as per SJ/T11394

The content of this hazardous substance in this part is conforming to the limit of GB/T32972.

④ The content of certain homogeneous material in this part exceeds the limit of GB/T32972.

Warning: Changes or modifications to this unit not expressly approved by the manufacturer for compliance could void the user's authority to operate the equipment.

NOTE: This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Statement: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

-Reorient or relocate the receiving antenna.

-Increase the separation between the equipment and receiver.

-Connect the equipment to an outlet on a circuit different from that to the receiver.

-Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The equipment should be located at least 20cm between the radio and your body.
