

Thank you for purchasing the XWIN product. Please read this manual carefully before using and keep it for future reference.

Package Contents
1* Power Bank
1* Product Manual
1* USB-C to USB-C cable
1* Storage Bag

Model No.	PS-330US
USB-C Input	PD 30W, 5V/3A, 9V/3A, 12V/2.5A, 15V/2A, 20V/1.5A
USB-C Output	PD 60W, 5V/3A, 9V/3A, 12V/3A, 15V/3A, 20V/3A
USB-A1/2 Output	5V/2.4A
USB-A Total	5V/3.4A
Wireless Output	5W/7.5W/10W
AC Output	110V, 100W Max
Capacity	3.7V/20,800mAh/76.96Wh
Size	70*70*150mm
Net Weight	865g

A diagram of the power supply unit with numbered callouts 1 through 6. Callout 1 points to the top cover, 2 to the top cover latch, 3 to the top cover latch release, 4 to the top cover latch release button, 5 to the top cover latch release button, and 6 to the top cover latch release button.

Battery display

- a) Use the USB-C charging cable to charge the PS-330US (PD30W max). When charging, the power display will jump, and when it displays 100, it means that the PS-330US is fully charged.

-
- b) The three USB output ports can charge three devices at the same time. The USB-C output ports can charge Laptop.

- 
- c) Place the mobile phone on the wireless charging area, turn on the wireless charging switch. The E330US can provide wireless charging for the mobile phone with wireless charging function.

- c) When the 110V electrical appliance is connected to the AC output port of PS-330US, it can provide electricity for the electrical appliance.

- d) PS-330US can charge up to 5 devices at the same time.

- e) PS-330US can charge laptops, tablets, mobile phones, game consoles and other devices.

1. Keep away from liquids.
2. Do not disassemble.
3. Avoid falling.
4. Keep out of reach of children.
5. Keep away from extreme temperatures.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

RF warning for Portable device:
The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

FCC Statements:

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

WARNING: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

RF Exposure Statement:

This device has been evaluated to meet general RF exposure requirement. The device must be used in fixed/mobile(equal to or greater than 20cm) exposure condition while the wireless charging.
