Charge et actif

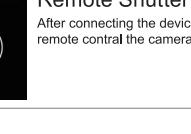

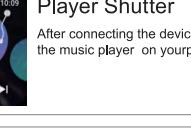

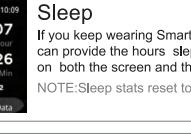

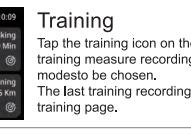

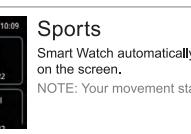

Charger l'appareil pour qu'il soit actif avant la première utilisation ; Pour charger votre appareil, branchez le câble de charge dans la adaptateur ou port USB de votre ordinateur.

Utiliser l'écran tactile

Sports

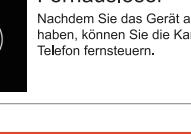

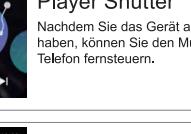

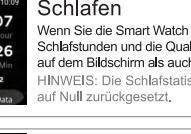

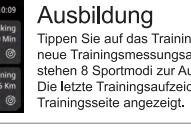

Smart Watch automatically tracks Steps taken on the screen.
NOTE: Your movement stats reset to zero at midnight.

Phone Call

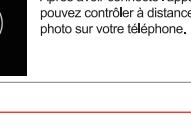

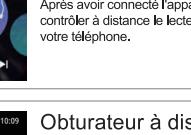

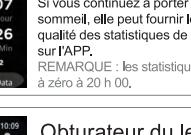

After connecting the smart Watch to the phone, you can use the watch to dial to control the phone for making calls and answering the phone calls.

You can also view the call history of the watch . You need to keep the connection between the watch and the phone stable when using the Phone Cal function.

Training

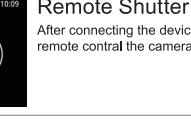

Tap the training icon on the menu to start a new training measure recording, there are 8 sport modes to choose. The last training recording will be shown on the training page.

Sleep

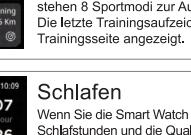

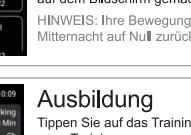

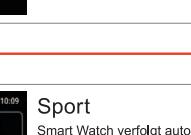

If you keep wearing Smart Watch in your sleep, it can provide the hours slept and quality of sleep stats on both the screen and the APP.

NOTE: Sleep stats reset to zero at 8:00 pm.

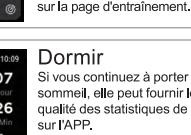

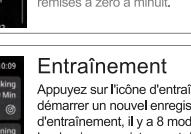

Player Shutter

After connecting the device, you can remote control the music player on your phone.

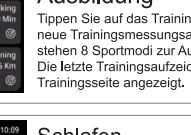

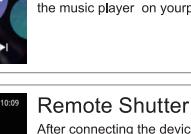

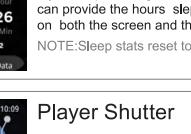

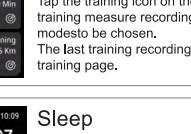

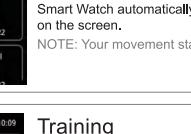

Other Features

Other features include stopwatch, alarm, timer, brightness, mute on/off, theater mode, factory reset, power off and about.

Messages Reminder

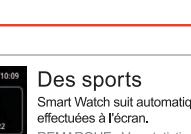

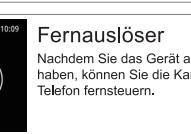

The device can sync incoming notifications from Twitter, Facebook, WhatsApp, Instagram etc. Recently 5 messages can be stored. Note: You can switch on/off the incoming notification in the APP.

Weather

It can show the weather info of current and tomorrow on the weatherpage.

Weather info is synced after connecting with the APP, it will not be updated after a long disconnection.

General Info & Specifications

1.Using in Wet Conditions
Your device is water-resistant, which means it is rain-proof and splash-proof and can stand up to even the sweatiest workout.

NOTE: Do not swim with your Smart Bracelet. We also don't recommend showering with your wristband; though the water won't hurt the device, wearing it 24/7 does not give your skin a chance to breathe. Whenever you get your bracelet wet/dry, thoroughly dry it before putting it back on.

2.Using Quick View
With Quick View you can check the time or the message form your phone on your Smart Bracelet without taping. Just turn your wrist towards you and the time screen will appear for a few seconds.

General Info & Specifications

1.Environmental Conditions
Operating temperature: 14°F to 122°F (-10°C to 50°C)
Non-operating temperature: -4°F to 140°F (-20°C to 60°C)

2.Size
Fits a wrist between 5.5 and 7.7 inches in circumference.

3.Disposal and Recycling
Please kindly be aware that it is the consumer's responsibility to properly dispose and recycle Smart Bracelet and accompanying components. Do not dispose of Smart Bracelet with common household waste. The Smart Bracelet unit is considered electronic waste and should be disposed of at your local electronic equipment collection facility.

For more information, please contact your local electronic equipment waste management authority or the retailer where you bought the product.

Lernen Sie Ihr Gerät kennen

1. Verwendung bei Nässe
Ihr Gerät ist wasserfest, d. h. es ist regen- und spritzwassergeschützt und hält selbst beim schwitzen beständigen Training stand.

HINWEIS: Schwimmen Sie nicht mit Ihrem Smart Bracelet. Wir empfehlen auch nicht, mit Ihrem Armband zu duschen; Obwohl das Wasser dem Gerät nicht schadet, gibt es Ihr Haut keine Chance zu atmen, wenn Sie es rund um die Uhr tragen. Wenn Ihr Armband nass wird, trocknen Sie es gründlich ab, bevor Sie es wieder anlegen.

2.Schnellansicht verwenden
Mit der Schnellansicht können Sie die Uhrzeit oder die Nachricht Ihres Telefons auf Ihrem Smart Bracelet überprüfen, ohne sie zu berühren. Drehen Sie einfach Ihr Handgelenk in Ihre Richtung und der Zeitbildschirm wird für einige Sekunden angezeigt.

Allgemeine Informationen und Spezifikationen

1.Umweltbedingungen
Betriebstemperatur: 10 °C bis 50 °C (14 °F bis 122 °F)
Nichtbetriebstemperatur: -20 °C bis 60 °C (-4 °F bis 140 °F)

2.Größe
Passend für ein Handgelenk mit einem Umfang zwischen 5,5 und 7,7 Zoll.

3.Entsorgung und Recycling
Bitte beachten Sie, dass es in der Verantwortung des Verbrauchers liegt, das Smart Bracelet und die dazugehörigen Komponenten ordnungsgemäß zu entsorgen und zu recyceln. Entsorgen Sie das Smart-Armband nicht mit dem normalen Haushaltmüll, das Smart-Armband gilt als Elektroschrott und sollte bei Ihrer örtlichen Sammelleiste für elektronische Geräte entsorgt werden.

Für weitere Informationen wenden Sie sich bitte an Ihre örtliche Abfallentsorgungsbehörde für elektronische Geräte oder an den Einzelhändler, bei dem Sie das Produkt gekauft haben.

Apprendre à connaître votre appareil

1. Utilisation dans des conditions humides
Votre appareil est résistant à l'eau, ce qui signifie qu'il résiste à la pluie et aux éclaboussures et qu'il peut résister même aux entraînements les plus intenses.

REMARQUE : Ne nagez pas avec votre bracelet intelligent. Nous vous déconseillons également de vous doucher avec votre bracelet. Bien que l'eau n'abime pas l'appareil, le porter 24h/24 et l'y faire dormir ne donne pas à votre peau la possibilité de respirer. Chaque fois que vous mouillez votre bracelet, séchez-le soigneusement avant de le remettre.

2.Utilisation de la vue rapide
Avec Quick View, vous pouvez vérifier l'heure ou le message de votre téléphone sur votre Smart Bracelet sans enregistrer, tournez simplement votre poignet vers vous et l'écran de l'heure apparaîtra pendant quelques secondes.

Informations générales et spécifications

1.Conditions environnementales
Température de fonctionnement : 14 F à 122 F (-10 C à 50 C)
Température hors fonctionnement : -4 F à 140 F (-20 C à 60 C)

2.Taille
Convient à un poignet entre 5,5 et 7,7 pouces de circonférence.

3.Élimination et recyclage
Veuillez noter qu'il est de la responsabilité du consommateur d'éliminer et de recycler correctement le Smart Bracelet et les composants qui l'accompagnent. Ne jetez pas le Smart Bracelet avec les ordures ménagères courantes, l'unité Smart Bracelet est considérée comme un déchet électronique et doit être jetée à votre centre local de collecte d'équipements électroniques.

Pour plus d'informations, veuillez contacter l'autorité locale de gestion des déchets d'équipements électroniques ou le revendeur auprès duquel vous avez acheté le produit.

FCC Warning:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 0cm between the radiator and your body.
