Smart Garage Door Opener

Skill Name	Meross	Smart Meross
Skill in Alexa		
Voice commands	<ul style="list-style-type: none"> - Alexa, lock my garage. - Alexa, unlock my garage.* - Alexa, is my garage locked? 	<ul style="list-style-type: none"> -Alexa, ask <i>Smart Meross</i> to open/close the garage door one/two/.... or -Alexa, open <i>Smart Meross</i>. -Open/Close garage one/two/.... -Check garage.
Remark	<p>To use unlock function, please enable it within Amazon Alexa app.</p> <p>Currently, Amazon Alexa only provides unlock function in USA, Germany and Japan market.</p>	<p>Please pronounce meross as /mirə-s/.</p> <p>You can view the garage door number in Device Settings page within Meross app.</p>

Note: Please replace “garage” to the garage door name you set.

	Google Home
Action name	 <p>The screenshot shows the Google Home app interface. At the top, the time is 7:14 and there are status icons for signal, Wi-Fi, and battery. Below the status bar is a search bar with a close button (X), the text 'meross', a clear button (X), and a search icon (magnifying glass). Below the search bar is a section titled 'Add new' with a blue circular icon containing a white 'M' and the text 'Meross'.</p>
Voice commands	<p>-Hey Google, close my garage. -Hey Google, is my garage opened/closed? -Hey Google, open my garage. -Can I have your security code?(via Google Home) -One two x x.</p> <p>*Please set your PIN code within Meross app to enable the close function, required by Google for security reason.</p>
Remark	 <p>The screenshot shows the 'Backyard' section of the Google Home app. It has the title 'Backyard' and '1 device' below it. There is a square icon with a gear and a green dot. Below the icon is the text 'Ford Garage'.</p> <p>*Due to Google's limitation, you are unable to press above icon to open/close the garage door directly.</p>

Note: Please replace “garage” to the garage door name you set.
