

# Smart Hose Timer Valve

Quick Start Guide

## Welcome to the Rachio Family

Happy Watering!  
Team Rachio

Model: SHV101

## Box Contents Model: SHV101

Included in the Box is (1) Rachio Smart Hose Timer Valve. Rachio's WiFi Hub is required for connecting to the app and accessing smart features. The Wifi Hub is available for purchase separately.

## Getting Started

Setting up your Rachio Smart Hose Timer Valve is quick and easy. Just follow the instructions here and you'll watering in 10 minutes.

## Existing Rachio User

Already a Rachio customer? Simply Open your Rachio app and add the Smart Hose Timer Valve to your account

- 1 From your Home Screen, tap "Devices"
- 2 Tap "Add Device"
- 3 Follow the in-app instructions to setup your Valve

## New Rachio User

New to Rachio? Download the Rachio app and follow the in-app instructions to set up a new account.

- Once your account is set up:
- 1 From your Home Screen, tap "Devices"
  - 2 Tap "Add Device"
  - 3 Follow the in-app instructions to setup your Valve

## WiFi Hub

The Smart Hose Timer Valve allows you to smartly control your water when connected to the WiFi Hub\*

- It is important that the WiFi Hub\* is:
- a) Installed indoors
  - b) Less than 200 feet from the Valve

\* WiFi Hub Sold Separately

## Pair WiFi Hub, Install Batteries

Follow the in-app instruction to onboard the Smart Hose Timer Valve with the Rachio app.

Make sure you install the batteries before connecting the Valve to a faucet.

Do not mix Alkaline, Standard (Carbon-Zinc), or Rechargeable (Nickel Cadmium) Batteries. Used up or dead batteries must be removed from the timer and disposed of properly. Do not dispose of batteries in fire. Batteries may explode or leak.

## Connect Valve

Once paired, your Smart Hose Timer is ready to start watering! First, check to make sure there are no leaks in your hose and/or faucet.

Next, connect the valve to your outdoor faucet and hose, and you're ready to go. Your water must remain on for the timer to work properly.

## Manual Quick Run

Looking to do a manual quick run?

- 1 Press the blue on/off button on the top of your Smart Hose Timer Valve to activate manual watering.
- 2 The valve will water for 10 minutes, or for the duration you set as the quick run default in the Rachio app.
- 3 To stop watering sooner, press the button to end the watering session.

## Need Help?

## Limited Warranty

### LIMITED WARRANTY

Rachio warrants that the Product will be free from material defects in materials and workmanship for a period of two (2) years - one (1) year for factory refurbished Products - from the date of purchase from Rachio or an authorized Rachio dealer. Rachio will repair or replace, free of charge, any product deemed defective with a product of the same or equivalent model. Rachio expressly disclaims any other warranties or responsibilities. The full terms of the limited warranty are set forth at [www.rachio.com/warranty](http://www.rachio.com/warranty).

DO NOT USE YOUR PRODUCT UNTIL YOU HAVE READ THE TERMS OF THE WARRANTY. IF YOU DO NOT AGREE TO THE TERMS OF THE WARRANTY, DO NOT USE THE PRODUCT AND RETURN IT WITHIN 30 DAYS OF PURCHASE TO RACHIO FOR A REFUND.

### PRIVACY

We're committed to being open and honest about how we use data. We will always ask for permission before sharing personally identifiable information like your email address, and we keep your data safe with the same security tools banks use. Learn more about our Privacy Policy at [www.rachio.com/privacy](http://www.rachio.com/privacy).

### FCC Compliance Statement (Rachio's Smart Hose End Timer Valve - Model: SHV101)

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**CAUTION:** The grantee is not responsible for any changes or modifications not expressly approved by the party responsible for compliance. Such modifications could void the user's authority to operate the equipment.

**NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

### RF exposure statement

This equipment complies with the FCC RF radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20cm between the radiator and any part of your body.

### Canadian Compliance Statement (Rachio's Smart Hose End Timer Valve - Model: SHV101)

This device contains license-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada license-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

- L'appareil ne doit pas produire de brouillage;
- L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

### RF exposure statement

This equipment meets the exemption from the routine evaluation limits in section 2.5 of RSS-102. It should be installed and operated with a minimum distance of 20cm between the radiator and any part of your body.

Cet équipement est conforme à l'exemption des limites d'évaluation habituelle de la section 2.5 de la norme RSS-102. Il doit être installé et utilisé à une distance minimale de 20 cm entre le radiateur et toute partie de votre corps.
