

## **Glydea ULTRA 50 WireFree™ Zigbee**

Take a massive leap forward comfortably

**somfy®**

# Introducing

## The powerful and smart wirefree drapery motorization

---

Motorized draperies are a step to making your life more comfortable and convenient.

Add a touch of connectivity to bring the ultimate natural light and thermal comfort to your home.

### Enhance your interior design

Smooth movement with soft start/soft stop brings the very best look for your home decor.

Adjustable end limits provide a custom look and allow curtains to suspend naturally from the track.

Up to 110 lbs. (50kg) load supports heavy curtains on larger windows.

### Assure your peace of mind

Motor is designed for silence.

Simulate your presence with automated control to protect your home thanks to compatibility with TaHoma®.

Real-time feedback on drapery position and battery level in the TaHoma® by Somfy end user app.

### Adjust according to your needs

Adjust curtain positions effortlessly and precisely via remote control, or with the TaHoma® by Somfy app.

Set the motor speed to suit your preference in different scenarios.

Customize mounting to accommodate classic, pinch pleat, and RippleFold® curtain applications.

# Your comfort-driven ecosystem

## Connect and control your home equipment your way

Somfy's Smart Shading solutions easily adapt to your needs for ultimate convenience, comfort, and peace of mind.

### Ways to control

#### TaHoma switch

TaHoma® switch is a smart control that centralizes and connects your complete smart home ecosystem and is compatible with many third-party home controls.

#### TaHoma app

The TaHoma® by Somfy app is a **simple interface for controlling smart shading while at home or away**. Check your connected equipment for the real-time status of each device. Program scenes and automated schedules for added convenience.

#### Remote control

Sleek in design, the hand-held Ysia remote is intuitive to use for direct control of draperies. Choose from single or multi-channel versions according to your needs.

#### Voice control

Compatible with Apple Home\*, Amazon Alexa, and Google Home.

\*Apple Home compatibility is only supported for TaHoma switch used with select Zigbee technology motors. See motor specifications for details.

### Broaden home comfort

TaHoma® switch features multiple technologies

and is compatible with close to **300 types of Somfy products and major home equipment brands**. Create your ideal home environment at your own pace thanks to an interoperable and scalable smart home solution.

And many more...

# Peace of mind at home

## Reliable solutions that are made to last

Choosing Somfy means choosing a long-term solution that is easy to use and works every time.

### Remote diagnostics

Quick, seamless, and more convenient - your installer can diagnose and deliver certain services remotely.

### Guaranteed and sustainable performance

This product is covered by a five-year warranty, and applies an eco-design approach to reduce its environmental footprint throughout the entire life cycle.

Make the move

#### About Somfy®

For over 50 years, Somfy has been pioneering innovative motorization and automated solutions for window coverings and exterior shading products. With comfort, ease of use, security, and sustainability in mind, our seamless and connected solutions are designed to help people make the move to living spaces impactful for humans and with a reduced impact on nature.
