Product Overview

1. Wireless charger area (magnetic)
2. Power bank charging/battery indicator light
3. TYPE-C input/output interface
4. Power bank on/off key
5. Product charging input port
6. Smart watch charging area
7. Earbuds charging area
8. Kickstand
9. Charging port for power bank

- 1.Support PD/QC adapter through Type-C interface for watch and earbuds wireless charging, wired charging for power bank.
- 2.In order to support wireless charging of the iPhone with magnetic wireless charging function, please place the device on the power bank of the product (as shown in the picture above), then the power bank will automatically turn on and charge the device.
- 3.When the power bank is placed in the PU bracket, the angle can be adjusted based on the bracket to charge the device.
- 4.The power bank can also charge the device through the Type-C interface.
- 5.When charging the power bank, the four battery indicator lights will light up in sequence as the battery level increases. After being fully charged for 30 seconds, they will turn off and enter standby mode.

When discharging, the indicator lights will decrease in sequence as the battery level decreases.

6. When the power bank wirelessly charges the phone, the first indicator light shows green.

7. When it is necessary to check the battery level of the power bank, you can short press the battery check button to check the battery level.

Indicator Guide

4 LED ON – Battery Level >25%

5 LED ON – Battery Level >10%

1 LED Green light flashing slowly – Wireless Charging Mode is Working

1 LED Green light flashes rapidly – Foreign object is detected

Cautions

1. When using this product, please choose PD or QC adapter.

2. When using this power bank to charge other equipment wirelessly, if other equipment has a protective cover, please confirm that the protective cover is made of non-metallic material and the thickness shall not exceed 2mm.

3. Heat may be generated during charging, which is a normal phenomenon and will not affect product performance. However, if you feel the phone or product overheating, please disconnect the power supply after cooling to recharge.

4. If the battery of this product expands, please stop charging or using it.

5. Do not disassemble or modify this product by yourself.
6. Do not throw the product into the fire, because it may explode.
7. Do not store this product in humid environments.
8. Do not charge the product near or near the heat source.
9. Do not allow water or other liquids into this product, resulting in damage to this product.
10. Incorrect use or placement of power bank by users, or self-consumption of materials may lead to life reduction or damage of this product, so the liability caused by this may not belong to warranty liability, so please understand.
11. The wireless charging area should not be placed too close to the magnetic card (ID card, bank card, etc.) with magnetic stripe or chip to avoid the failure of the magnetic card.

Specification

Material	ABS+PC+PU
Input Port	USB-C
Power Input	5V/3A, 9V/3A (27W Max)
Phone Output	5W/7.5W/10W/15W
Airpods Output	3W
Watch Output	2.5W
Charging Distance	≤8 mm
Product Weight	268g
Product Dimensions	33*87*108 mm

Package Contents

1. 5000mAh wireless charger power bank
2. Charging base
3. Type-C to Type-C cable
4. User manual

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Green Lion** website or shop come with a 24-month warranty.

When you buy **Green Lion** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at <https://www.greenlion.net/warranty> and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
