

HOZELOCK

English - 2017

Multi Spray ultramax

With over half a century of horticultural expertise, at Hozelock we understand the rewards of gardening and we want to help gardeners get the most from their garden.

We combine a knowledge and passion for gardening with a pride in craftsmanship to develop solutions to help gardens flourish and come to life.

Designed by gardeners for gardeners

Consumer driven innovation

For over 50 years we have specialised in finding and meeting the needs of gardeners. Today that ambition for innovation is stronger than ever.

Our intensive research and development programme continues to deliver exciting new products year on year, meeting the increasing demands of today's gardening consumers.

ultimate Hose

Ultra Twist

of Hozelock products are made in the U.K.

New
"Pico
Power"

the Small & Mighty pressure washer

The new Hozelock Pico Power delivers all the performance you need in a small, versatile unit for effortless cleaning around your home.

Incredible cleaning power

The powerful 140 bar (max) motor and pump delivers maximum power ensuring cleaning around your home is a breeze.

Size does matter

Keeping the size to an absolute minimum allows the Pico Power to be stored with ease, keeping your shed, car or cupboard clutter free.

Feel the difference

The 6mm high pressure hose delivers 100% of the power at only 50% of the weight*, providing the feeling as though you are not even connected.

**compared to a regular 11.5mm HPC hose*

On road. Off road

All outdoor spaces are different and that is why the Pico Power has been designed to be easily transported by the towing handle or carried via the comfortable carry handle.

The new generation of hose

- Hozelock Superhoze

The expanding hose that many consumers love, by a brand they can trust

Its dynamic design enables the Superhoze to expand up to three times its original length for easy reach and then shrink back in size after use for convenient storage.

Kink free, hassle free, care free

The Superhoze does not kink or tangle, ensuring continuous water flow, making it a pleasure to use.

Easy watering

Small in size and light to hold, the Superhoze makes manoeuvring and watering around your garden easy.

Designed to perform

A hardwearing and UV resistant polyester outer, ensures the Superhoze will continue to perform season after season in any garden, terrace or balcony.

Total peace of mind

High quality Hozelock connectors and compatibility with all systems, ensures the Superhoze works seamlessly in your garden.

Hozelock continues to develop the range of premium watering products to meet the increasing expectations of modern consumers who demand improved quality and product specification.

Premium Hose End

The **new** Hozelock Jet Spray and Multi Spray Ultramax are among the most durable and robust watering accessories in the world. The solid zinc alloy body is designed to withstand the most rugged of environments and is guaranteed for 5 years. The products are complete with category leading features that live up to the expectations of professional consumers.

For those consumers who want durability without the weight of a solid metal body the **new** Hozelock Jet Spray and Multi Spray Pro are ideal, with strong metal connection and polished stainless steel accents. The products are enhanced with premium

features including lockable variable flow trigger, separate flow control and precise spray patterns.

"Hi, I'm Bizzi, Hozelock's new and helpful mascot. You'll be seeing more of me soon!"

hose storage

2392 - Universal Hose Guide

- Guides the hose around a wall or corner of a building

2360 - 30m Hose Hanger

- Wall mounted hanger and storage unit for 30m of 12.5mm hose

2390 - 60m Wall Mounted Reel (not shown)

- Wall mounted hose reel

2382 - Hose Box with 20m hose

- Enclosed and freestanding
- Includes 20m of Starter hose
- Includes 1 x nozzle, 2 x hose connectors, 1 x waterstop, 1 x 3/4" / 1/2" tap connector

2410 - 30m Hose Reel (not shown)

- Freestanding hose reel
- Supplied with 1 x hose end connector

Ø 13mm

- 2764 - 25m of 13mm Supply Hose**
- Highly flexible, UV stable, central supply tube

- 2765 - Flow Control Valve - 13mm**
- In-line 13mm valve shuts off or adjusts the flow in the 13mm supply tube

- 2766 - 90° Elbow Connector - 13mm**
- For making 90° turns in the 13mm supply tube

- 2767 - T piece - 13mm**
- For branching the 13mm supply tube

- 2768 - Straight Connector - 13mm**
- For extending the 13mm supply tube

- 2769 - End Plug - 13mm**
- For closing off the 13mm supply tube

- 2779 - Blanking Plug - 13mm**
- Seals holes in the 13mm supply tube

- 2770 - Stake - 13mm**
- Holds the supply tube in position

- 2771 - Wall Clip - 13mm**
- Secures supply tube to walls or fences

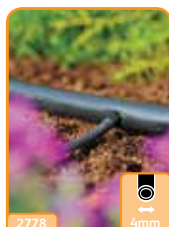

- 2799 - Hole Punch**
- Punches holes in supply tube and dismantles micro jets

B - pipeline

Ø 4mm

B - pipeline

2772 - 10m 4mm Hose

- Small bore tubing used to supply individual plants
- Highly flexible and UV stable

2776 - Flow Control Valve - 4mm

- In-line 4mm valve shuts off or adjusts the flow in the 4mm supply tube

2777 - T piece - 4mm

- For branching the 4mm supply tube

2778 - Straight Connector - 4mm

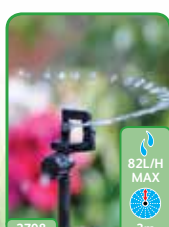

- For joining micro tube to supply tube, or two lengths of micro hose / micro soaker hose

2781 - Stake - 4mm

- Holds the micro tube in position

2782 - Wall Clip - 4mm

- Secures micro tube to walls or fences

2784 - 4 LPH In-Line Pressure Compensating Dripper

- Self regulating dripper giving a constant 4LPH regardless of water pressure
- For in-line use

2785 - 4 LPH End of Line Pressure Compensating Dripper

- Self regulating dripper giving a constant 4LPH regardless of water pressure
- For end of line use

2786 - In-line Adjustable Mini Sprinkler (0-40LPH)

- Mini sprinkler with adjustable flow for in-line use

2787 - End of Line Adjustable Mini Sprinkler (0-40LPH)

- Mini sprinkler with adjustable flow for end of line use

2788 - End of Line Adjustable Mini Sprinkler on Stake (0-40LPH)

- Adjustable sprinkler mounted on a 12cm stake complete with 4mm tube adaptor

2789 - High Spike

- Combines with any of the micro jet sprinklers to raise the spray pattern up to 35cm

2794 - 180° Adjustable Micro Jet

- Adjustable flow ½ circle micro jet

2795 - 360° Adjustable Micro Jet

- Adjustable flow full circle micro jet

2797 - Mister Micro Jet

- Produces a fine concentrated mist

2798 - 360° Mini Sprinkler

- Adjustable flow, rotating, full circle sprinkler

C - drippers

Pre 2012 sprayer spares available from
www.hozelockservices.com

The Hozelock logo is displayed in a bold, blue, sans-serif font. The letters are thick and blocky, with a slight shadow effect. The 'H' and 'O' are connected, as are the 'Z' and 'E'. The 'L' and 'O' at the end are also connected. The logo is positioned on the left side of the page, with a large, bright yellow background behind it.

HOZELOCK

As part of our commitment to continuous product improvement we reserve the right to make design and manufacturing changes which may mean that products supplied differ in certain respects from those illustrated and specified in this catalogue.
