

FAST OPERATION GUIDE

PRODUCT PARAMETER

Bluetooth version: V5.4
Transmission distance: 10m
Charging port: Type-C
Rated input: 5V=300mA

Charging time: 1h
Music time: 4.5h
Talk time: 4.5h
Headphone battery capacity: 30mAh
Battery capacity: 300mAh

MATTERS NEEDING ATTENTION

- Please reasonably control the volume and time of using the headset to avoid hearing damage.
- Do not use headphones in potentially dangerous environments to ensure safety.
- Try to avoid using headphones to listen to music, make or receive phone calls while driving, so as not to distract attention and cause danger.
- Do not use headphones for a long time at a time to avoid damage caused by long-term use of headphones.
- Avoid using or using headphones at temperatures lower than -20°C or higher than 40°C, which will shorten the life of the headphones and battery.
- Do not disassemble, repair and transform this product by yourself.
- The battery of this product is not replaceable. Please dispose of it according to local regulations or recycle it by a professional organization. Do not discard it at will.
- Please use the first.
- When the headset is not used for a long time, please charge the headset every 3 months to extend the battery life of the headset.
- Do not expose the headset to high temperature environments such as sunlight and fire.
- The output voltage and current of the charger are not greater than 5V/1A. If the output voltage and current of the charger exceed the limit value, it is possible to cause serious damage to the product, product warranty will not be at the same time.
- Please dispose of waste electronic products correctly, and do not discard electronic and electrical equipment, computers, laptops, and other harmful garbage together.
- Please charge in a safe environment, when charging the charging kit, please pull out the charging cable as soon as possible after the charging is full to avoid long time charging causes damage to the battery.

CERTIFICATE OF CONFORMITY

Product Number: _____

Production Date: _____

Inspector: _____

FCC Warning Statement:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The device has been evaluated to meet general RF exposure requirement.
