FULL HD 1080P WEBCAM WITH RING LIGHT

KAWCMHDLKTA

INSTALLATION

This webcam is plug-n-play, requiring no additional drivers or software to install. Simply insert into a USB 2.0 compatible port and your computer will recognise it as a camera option. To set as the default camera across all apps/programs, you may need to adjust your settings.

Windows 10: Settings > Privacy > Camera

macOS: Open PhotoBooth to change the computer's default camera from iSight to your Kogan USB Webcam.

Operating the camera:

Turn the round knob in the middle to adjust the focal lens.

To adjust the brightness, use the lighting dial in the USB cable.
