

Troubleshooting and tips

- \cdot If the earbuds are not working correctly, turn them on/off.
- If the earbuds won't turn on, recharge the battery and try again.
 If the earbuds won't charge, make sure the power supply works DC 5V>0.25A, and is not damaged.
- · If the earbuds make no sound, adjust the volume.
- If the earbuds make no sound or do not show as an available device, make sure they are not
- paired to another device, if so, unpair the device and re-pair to the desired device.

 This device does not have a pairing code. If prompted for one, make sure you are connecting to the correct device. If you are not, "forget" the device and re-pair.

NOTE

The earbuds will power off if it is not used for more than 5 minutes.

If the Bluetooth® connection range is more than 10 meters the earbuds / charging case will disconnect with a prompt sound from earbuds / in status bar of screen, indicating that the connection has been lost. If the connection is not re-established within 5 minutes, the

Need some help? Can't get it to pair? Have a question or comment?

earbuds will turn off automatically.

Earbuds FCC ID: 2BAXW-TTY95

Charging Case FCC ID: 2BAXW-TTY95S

Model: TTY95 Input: 5V --- Max 0.25A Made in China

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1)This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

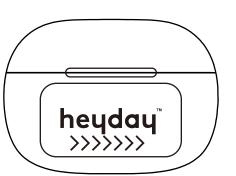

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct

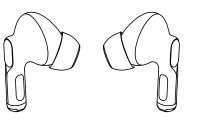

the interference by one or more of the following measures:

- · Reorient or relocate the receiving antenna.
- · Increase the separation between the equipment and receiver.
 · Connect the equipment to an outlet on a circuit different from that to which the receiver is
- connected.

 · Consult the dealer or an experienced radio/TV technician for help.
