

Samsung Hospitality Displays

HRU750 Series (Hong Kong)

Highlights

- Showcase content in UHD resolution with upscaling technology
- Provide enhanced images for more immersive viewing with UHD Dimming
- Improve picture clarity and detail with HDR10+
- Complement any room with slim, modern design
- Welcome guests with customizable and intuitive home application
- Offer guests easy access to various content and entertainment
- Allow guests to control room settings while managing potential energy use issues

UHD-Quality content delivery

Samsung's HRU750 displays offer hotel guests the vivid picture quality of home entertainment systems on their in-room screens. Through UHD upscaling technology, these refined displays showcase content at UHD resolution (3,840 x 2,160), and with four times the pixels of the FHD standard.

Enhanced image experience

The UHD dimming capability of the HRU750 Series allows hotel operators to provide an immersive viewing experience to their guests. By dividing the screen into small blocks, guests can see more precise details, offering enhanced color, sharpness, and contrast level for optimized in-room viewing.

Access all the latest content

Samsung's Smart hub offers guests easy access to a variety of custom content. Guests can enjoy their favorite entertainment during the stay as if they are at home.

* Some of the applications may not be supported in specific regions or countries.

Refined picture quality

Beyond consistent UHD quality, Samsung's HRU750 Series brings the power of High Dynamic Range (HDR10+) picture refinement to any hotel room. Using dynamic metadata that fine-tunes each frame within a given program, HDR10+ technology delivers an optimal, detail-rich and memorable viewing experience.

Creating a memorable welcome

Samsung's HRU750 hospitality display provides an intuitive, customizable home application for guests. Through this, hotel managers can easily incorporate welcome messages to guests, hotel logos and branding, other useful information such as internal phone numbers.

Slim, sleek design

The HRU750 Series has a slim, modern design, offering a UHD solution that naturally fits into any hotel style with a sleek and polished finish. The flat back and slim depth will also ensure a display that stands the test of time, while freeing up space to create a more harmonious room environment.

* Actual product may differ from image shown. Please see our product gallery for more detail.
