LED Indicators

Blinking Red

Radio is transmitting in low battery state, has failed the self-test upon powering up, has moved out of range if radio is configured with Auto-Range Transponder System, or is receiving an emergency transmission.

Solid Green

Radio is powering up, transmitting, indicating full battery capacity when the programmed **Battery Strength** button is pressed, or selecting NiMH as the battery type when the **Battery Type** button is pressed.

Blinking Green

Radio is receiving a call or data, or detecting activity over the air.

Solid Yellow

Radio is monitoring a conventional channel, selecting Li-Ion as the battery type when the **Battery Type** button is pressed, or indicating fair battery charge when programmed **Battery Strength** button is pressed.

Blinking Yellow

Radio is scanning for activity, has Flexible Receive List enabled, or has yet to respond to a Call Alert.

Double Blinking Yellow

Radio is actively searching for a new site, is locked, or has yet to respond to a Group Call Alert.
