

IC-M3 15W用户手册 (产品说明书)

尺寸：350*100mm 单面印刷 材质：157克铜版纸

User Manual

15W Magnetic Wireless Car Charger

Specifications

Input	DC 12V/1.5A,9V/1.67A,5V/2A
Output	15W/10W/7.5W/5W
Product Standard	Qi
Charging Distance	≤10mm
Charging Efficiency	≤80%
Product Dimension	64*48*64mm
Product Material	ABS+PC

Fast wireless charging requires QC2.0/3.0 adapter or PD 18W and 18W above adapter.

Indicator light Status and Protection Function

Standby: Indicator light keeps blue .

Charging: Indicator light keeps green.

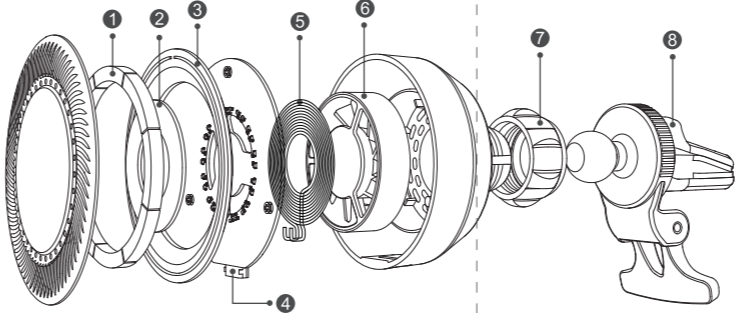

Fully Charged: The status of the wireless charging indicator is different when different mobile phones are fully charged. Some phones indicator lights turns off, and some keeps green. If the phone is not removed for a long time, it keeps the battery at 100% trickle charge.

FOD Function: Intelligent recognition of foreign objects, such as coins, keys and other metal or magnetic objects, the blue and green lights flash and the power supply is stopped.

Cooling Fan: The fan will start when put a device that supports wireless charging (such as phones, Airpods), and the fan stopped rotating once removed the device.

Overall Protection: over-temperature, short-circuit, over-voltage, over-current.

Product Parts Description

Attention

1.Please do not vigorously extrude or collide.

2.Please do not dismantle or put it into fire or water when the product is power on,to avoid short circuit or leakage.

3.Please do not use it in severely high temperature,high humidity or corrosive environment,to avoid damage to the circuit leakage.

4.Please do not put the magnetic strip or chip card (Such as ID card,bankcard etc.) on the charging pad to avoid to cause magnetic card lose efficacy.

5.Please do not put the metal (Such as coin etc.) on the charging pad when charging,to avoid damage from heating.

Parts List

①	Magnet
②	Ferrite
③	Indicator Light
④	Type-C Charging Port
⑤	Charging Transmitter Coil
⑥	Cooling Fan
⑦	Knob
⑧	Vent Clip

5V2A adapter is applicable to 5W standard wireless charging mode.

9V1.67A adapter is applicable to iPhone 7.5W fast wireless charging mode.

9V1.67A adapter is applicable to Samsung 10W fast wireless charging mode.

12V/1.5A adapter is applicable to 15W fast wireless charging mode.

Note:This product is applicable to all Qi standard wireless charging phones,other phones need an external receiver for wireless charging function.

FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC RF exposure statement:

The equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance between 20cm the radiator your body.
