Notes

Measure your actual product for rough-in details.

Install this product according to the installation instructions.

The hot water supply should be 70% of the capacity of the bath or greater. Installations will vary.

This whirlpool is designed for drop-in installation only. It is not suited for use in a three wall alcove with an overhead shower.

If installing a rim-mount faucet, make sure there is no interference above or below the deck before drilling any holes.
