In bi-color mode, press once to increase color temperature by 1%. Press and hold to increase continuously;

⑤ Left/Color Temperature - Button：
In bi-color mode, press once to decrease color temperature by 1%. Press and hold to decrease continuously.

Instructions for Use

1. Inflate before powering on. Inflate by exhaling into the valve or by using a manual or electric air pump (sold separately);

2. When used for the first time, the product should be completely charged and discharged before recharging.

3. The inflatable light features a magnetic mount and a 1/4" thread for light stand connection;

4. Can be suspended.

Instructions for Use

17 Special Scenes

F01	Lightning	F02	Paparazzi	F03	Defective Bulb
F04	Explosion	F05	Welding	F06	CCT Flash
F07	Color Flash	F08	CCT Pulse	F09	Color Pulse
F10	Police Car	F11	Candlelight	F12	Color Loop
F13	CCT Loop	F14	Brightness Loop	F15	Screen
F16	Fireworks	F17	Party		

Battery Alerts

1. Do not disassemble, modify, or repair the built-in battery. Any unauthorized modication may result in battery leakage, overheating, fire, or explosion.

2. Do not use a non-original or uncertified charger to charge the product to prevent overcharging, short circuits, or other hazards.

3. If abnormal charging speed or unusual blinking of the indicator are observed, please stop using the product immediately and contact our after-sales service for assistance.

4. Do not place the product near flammable or explosive materials.

Notes

1. Before turning on the light, please inflate it to prevent the TPU exterior from coming into contact with and being damaged by the heat from the LEDs.

2. The tube light contains an inflatable airbag. Do not let it touch sharp objects, or expose it to corrosive fluids or gases. Avoid using it in high-temperature, high-humidity environments, and do not squeeze or drop it from high places to prevent damage.

3. Do not store the product while it is still hot to prevent the material from melting and sticking together.

Specifications

Model	GC30C
Product Size (Uninflated)	Approx. 0.9m x 0.12m
Power	30W
Type C Input	DC 5V/3A, 9V/3A, 12V/3A, 15V/3A, 20V/2.25A
Type C Output	30W
Battery Capacity	7.2V 5000mAh 36Wh
Color Rendering Index	95
Weight	377g
Color Temperature	2700-6500K
Maximum Illuminance	3000lux/0.5m
Number of Scenes	17
Hue Angles	0°-359°
Saturation	0%-100%
Intensity	0%-100%
Full Power Runtime	Approx. 70 minutes
