

## NISSAN INTELLIGENT MOBILITY

Nissan Intelligent Mobility guides everything we do. We're using new technologies to transform cars from mere driving machines into partners. Together the journey is more confident, connected, and exciting. Whether it's cars that share the task of driving with you, or highways that charge your EV as you go along, it's all in the very near future. And it's a future already taking shape in the Nissan you drive today.

<sup>1</sup>Feature availability is dependent on vehicle model, trim level, packaging and options. Compatible connected device may be required and feature availability may be dependent on device's capability. Refer to connected device's Owner's Manual for details. Late availability for some features. **Driving is serious business and requires your full attention.** Only use features and connected devices when safe and legal to do so. Some features, including automatic crash notification and SOS, are dependent upon the telematics device being in operative condition, its ability to connect to a wireless network, compatible wireless network availability, navigation map data and GPS satellite signal receptions, the absence of which can limit or prevent the ability to reach Customer Care or receive support. GPS mapping may not be detailed in all areas or reflect current road status. Never program GPS while driving. Only use Remote Engine Start and Remote Horn features in accordance with any laws, rules or ordinances in effect in your vehicle's location. Some services and features are provided by independent companies not within Nissan's control. **Should service provider terminate or restrict service or features, service or features may be suspended or terminated without notice or with no liability to Nissan or its partners or agents.** Services and features may require compatible cellular network provided by independent companies not within Nissan or its partners' or agents' control. Cellular network signal strength may vary and may not be available in all areas or at all times. Services and features may not function if cellular network is unavailable, restricted, or terminated. Nissan and its partners or agents are not responsible for associated costs or other third party changes that may be required for continued operation due to cellular network unavailability, restriction, or termination (including equipment replacements/upgrades, if available, or roaming charges on alternative networks). Technology is evolving, and changes by independent companies are not within Nissan's or its partners' or agents' control. Enrollment, owner consent, personal identification number (PIN), and subscription agreement may be required to receive full suite of features and services. Trial periods (if applicable) begin on the date of vehicle purchase or lease of a new Nissan. Trial periods may be subject to change at any time and may be subject to early termination without notice. Required subscriptions may be sold separately for each available feature or service after trial period ends, and may continue until you call service provider to cancel. Installation costs, one-time activation fee, other fees and taxes may apply. Fees and programming subject to change. Feature may be subject to age restrictions in some areas. Subscriptions governed by service provider's subscription agreement, terms and conditions and privacy statements available at service provider's website. Text rates or data usage may apply. The Nissan names, logos and slogans are trademarks owned by or licenced to Nissan Motor Co. Ltd. or its North American subsidiaries. Other trademarks and trade names are those of their respective owners. **For important safety information, system limitations, and additional operating and feature information, see Dealer or Owner's Manual.** <sup>2</sup>Available feature. <sup>3</sup>Provincial laws may apply; review local laws before using. <sup>4</sup>Front seats and rear outboard seats only. <sup>5</sup>Passengers should not ride in the reclined position while the vehicle is in motion. <sup>6</sup>Driving is serious business and requires your full attention. If you have to use the feature while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. <sup>7</sup>Information displayed is dependent on how vehicle is equipped. <sup>8</sup>Driving is serious business and requires your full attention. If you have to use the connected device while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. External device not included. <sup>9</sup>IAVM cannot completely eliminate blind spots and may not detect every object. IAVM operates at vehicle speeds below 8 km/h. Always check surroundings and turn to look behind you before moving vehicle. <sup>10</sup>Virtual composite 360° view. <sup>11</sup>Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. <sup>12</sup>Availability of features varies by model year, model, trim, and package. <sup>13</sup>IEB cannot prevent accidents due to carelessness or dangerous driving techniques. It may not provide warning or braking in certain conditions. Speed limitations apply. <sup>14</sup>ICC is not a collision avoidance system or warning device. Designed to use limited braking. Failure to apply the brakes could result in an accident. <sup>15</sup>IFCW is intended to warn you before a collision occurs; it cannot prevent a collision. Speed and other limitations apply. See Owner's Manual for details. <sup>16</sup>RCTA is not a substitute for proper backing procedures. May not detect all moving vehicles. Speed and other limitations apply. See Owner's Manual for details. <sup>17</sup>Blind Spot Warning is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or accidents. It may not detect every vehicle or object around you. <sup>18</sup>Front-Wheel Drive (FWD) model only. Actual mileage may vary – use for comparison only. <sup>19</sup>Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle. <sup>20</sup>Extra cost option. <sup>21</sup>See your Nissan Dealership and read the actual limited warranty. <sup>22</sup>Blind Zone Mirrors are not a substitute for proper lane change procedures. May not display every vehicle or object around you. <sup>23</sup>See Nissan Towing Guide and Owner's Manual for additional information. <sup>24</sup>Whichever occurs first. <sup>25</sup>VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. <sup>26</sup>Use the Text Messaging feature after stopping your vehicle in a safe location. If you have to use the feature while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. Compatible smartphone required. Text rates and/or data usage may apply. <sup>27</sup>Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle. <sup>28</sup>TPMS is not a substitute for regular tire pressure checks. <sup>29</sup>Vehicle must be on for the Easy-Fill Tire Alert to operate. <sup>30</sup>Airbags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, in addition to any other requirement of applicable law, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Airbags will only inflate in certain accidents; see your Owner's Manual for more details. <sup>31</sup>It is the driver's responsibility to remain alert at all times. IDA is only a warning to inform the driver of a potential lack of driver attention or drowsiness. It does not detect and provide an alert in every situation. See Owner's Manual for details. <sup>32</sup>Brake Assist is only an aid to assist the driver and is not a collision warning or avoidance device. It is the driver's responsibility to be in control of the vehicle at all times. Android Auto™ is a trademark of Google, Inc. Apple CarPlay™ is a trademark of Apple, Inc. Innovation  
that excites

2018  
**MURANO®**

**REINVENT** the adventure that's designed around you. Say yes to a night out and the chance to turn heads. Reconnect with your friends in the premium lounge interior, perfect for relaxing or catching up. Tap into technology like Bluetooth® audio, that lets any passenger stream music and brings you closer together.<sup>1</sup> The evening starts up when Murano® does. The 2018 Nissan Murano, the dynamic crossover that enhances all your **EXPERIENCES**.

Nissan Murano® Platinum AWD shown in Pacific Sunset.

## NEVER GET IN A HOT OR COLD CAR AGAIN

No matter what the temperature, Murano's Remote Engine Start System with Intelligent Climate Control helps make sure you always get into a comfortable car. On hot days, it can adjust temperature and air flow for a quick cool-down. On cold days, it can adjust air flow to warm up the cabin, defrost the windows and windshield, and turn on the heated steering wheel. It can even match the last setting on the climate-controlled front seats, warming or cooling them before you ever step in.<sup>2,3</sup>

Nissan Murano® Platinum shown in Cashmere Leather. U.S. instrumentation shown.

**DEP**  
DEALER ePROCESS

**Enter your preferred setting.** Murano® invites you to enjoy the small things, like softer headrests with just the right amount of give, adjustable mood lighting, and touches of chrome and accents in Jasper Pearlescent or Brushed Silver. Enjoy the big things, too, like front and rear Zero Gravity seats, which help provide continuous support from hips to back to help reduce fatigue.<sup>4</sup> Rear passengers can recline,<sup>5</sup> and activate their own available Quick Comfort® heating – which warms you up in moments – by flipping a switch on the centre console.<sup>2</sup>

## YOU'RE NOT JUST DRIVING, YOU'RE HOSTING

Murano® offers a unique social space designed to let everyone connect in an airy, leather-appointed interior. The wide centre console allows everyone to mingle without leaning or straining. At the wheel, you have enhanced visibility, thanks to a higher seating position and slimmer side pillars that give way to larger windows. Meanwhile, above you, the expanded panoramic moonroof stretches from front to back, breathing in light. An atmosphere this open makes it easy for everyone to enjoy the journey – and might make your destination seem beside the point.

## NISSAN INTELLIGENT MOBILITY

### IF YOU WANT PARKING ANY EASIER, YOU'LL HAVE TO VALET

The Intelligent Around View® Monitor uses four cameras to give you a virtual composite 360° bird's-eye view of your vehicle, with selectable split-screen close-ups of the front, rear, and curbside views, so you can get a better look.<sup>2,9,10</sup>

### SEAMLESS CONNECTIVITY

Staying connected has never been easier. Access music and more with a tap or a swipe on a 203 mm (8.0") multi-touch control colour display. Pinch and zoom navigation lets you zero in on your destination. And with Apple CarPlay™ or Android Auto™ you can take the things you want to do with your compatible phone and put them right on Murano's display.<sup>1,11</sup>

**Apple CarPlay™** lets you access apps directly through Murano's screen, while adjusting volume and toggling functions is as easy as using the steering wheel-mounted controls. Siri® comes along, recognizing voice commands and providing personalized music selections, listings, directions, and more.<sup>1</sup>

**Android Auto™** is a simpler way to use your compatible phone in the car, and was designed with safety in mind. With larger touch targets, a simplified interface, and easy-to-use voice actions, it's designed to integrate with your Murano,<sup>®</sup> minimizing distraction so you can stay focused on the road.<sup>1</sup>

### INNOVATION THAT'S RIGHT IN FRONT OF YOU

From turn-by-turn directions to caller ID and safety features, the Advanced Drive-Assist® Display puts it all right before your eyes on its 178 mm (7.0") colour display to help minimize time looking away, while steering wheel controls let you toggle through the different screens.<sup>6,7</sup>

U.S. instrumentation shown.

### REAR USB CONNECTION PORT

Rear guests enjoy a rear USB connection port for compatible devices, allowing them to stay charged and connected, without having to hand over their phone.<sup>8</sup>

### BOSE® PREMIUM AUDIO SYSTEM

The lights flash on, the first notes of the song begin to fill the air, and the crowd goes wild. This is the best concert ever, and you haven't even left the driveway. With 11 speakers, including dual subwoofers, strategically placed throughout the cabin, the Bose® Premium Audio System provides the richness and detail of a live performance. Each speaker has been custom-tuned by Bose® engineers to take advantage of the unique interior acoustics of Murano, so every instrument seems to hit you from a different angle. It's front-row sound so good, it might even be better than being there.

# A BOLDER RIDE THROUGH LIFE

Whether you're changing lanes on the highway or deftly manoeuvring your way out of a parking spot, Murano's Nissan Intelligent Mobility features help you see more, sense more, and can even give you an assist when you need it most.<sup>1,2</sup> All so you can feel exceptionally confident on every drive.

## GET AN ASSIST WHEN YOU NEED IT

### Intelligent Emergency Braking

Can help save you from a potential frontal collision. This standard feature monitors your speed and distance between you and the car ahead and can let you know if you need to slow down. It can even automatically engage the brakes to help avoid a collision or lessen the severity of an impact.<sup>13</sup>

### Intelligent Cruise Control

Watches the flow of traffic to take the tedium out of your daily commute. The system helps maintain an adjustable speed and set distance between you and the car ahead.<sup>2,14</sup>

## SENSE MORE AROUND YOU

### Intelligent Forward Collision Warning

On the lookout when you can't see what's going on ahead. This standard feature watches two cars ahead, monitoring your speed and distance, and when it detects sudden deceleration, it gives you a heads-up to slow down.<sup>15</sup>

### Rear Cross Traffic Alert

Helps you back out of a space with more confidence. It watches around the rear of your Murano,<sup>®</sup> and can warn you about cars it detects creeping up on you from either side.<sup>2,16</sup>

### Blind Spot Warning

Helps you change lanes with confidence. It keeps an eye on the blind spot area and gives you a heads-up if it detects a vehicle hiding there.<sup>2,17</sup>

### Intelligent Around View<sup>®</sup> Monitor

Gives you an on-screen heads-up when it detects moving objects near your vehicle. We're looking at you, shopping cart.<sup>2,9</sup>

## BECAUSE YOU LIKE YOUR POWER POLISHED

**Power, courtesy of a 3.5-L V6 engine.** Murano's 260-horsepower 3.5-litre V6 engine keeps you ahead of the pack when you need to be. And efficient fuel economy on the highway keeps it practical. Of course, it doesn't hurt to have aerodynamics that give you a drag coefficient of 0.31 – comparable to sports cars.

**Efficiency, brought to you by the Xtronic CVT.<sup>®</sup>** Unlike conventional automatic transmissions, the virtually "gearless" Xtronic CVT transmission makes gear-hunting a thing of the past. Fully variable gear ratios mean it can hold the engine at the ideal rpm, giving you a wave of power when you need it, and achieving quiet, efficient cruising when you don't.

Nissan Murano<sup>®</sup> Platinum AWD shown in Pearl White.

### INTELLIGENT ALL-WHEEL DRIVE

Take on more. The Intelligent All-Wheel Drive (AWD) is so responsive, it can adapt to changing conditions 30 times faster than the blink of an eye. Snow, rain-covered pavement or tight turns, the system automatically sends power to the wheels that need it most. Even in ideal conditions, Murano's AWD pays big dividends – our passionate engineers also tuned the system for responsive, agile performance.<sup>2</sup>

GENUINE NISSAN ACCESSORIES

Every Genuine Nissan Accessory is: custom-fit, custom-designed and durability-tested; available for finance and backed by Nissan’s 3 year/60,000 km Accessories limited warranty when installed by dealer at time of your vehicle purchase.<sup>21</sup>

A. **Frameless Auto-dimming Rear View Mirror with Universal Remote**

Don’t let bright headlights get in your way.

B. **Chrome Rear Bumper Protector**  
Banish dings and nicks.

C. **All-season Floor Mats**  
Take on rain, snow, or mud.

D. **Interior Accent Lighting**  
Set the mood for your drive.

Additional Accessories:

- Blind Zone Mirrors<sup>22</sup>
- Hatch Tent
- Tow Hitch Receiver, Class I<sup>23</sup>
- Cargo Area Protector<sup>19</sup>
- Carpeted Cargo Mat<sup>19</sup>
- Portable Cargo Organizer<sup>19</sup>
- Remote Engine Start System<sup>3</sup>
- Illuminated Kick Plates
- And More

See your Nissan dealer for details, or go to [accessories.nissan.ca](https://accessories.nissan.ca)

BUYING AND OWNING

**Finance Options** Through Nissan Canada Finance, we offer many attractive lease and loan options that can be tailored to your individual needs. We have unique programs such as the Nissan Grad Program, Loyalty Program or the Nissan Advantage Program. Please visit our website **Nissan.ca/finance** to explore all of the options available. We have also made it easy to pre-qualify online. All of our programs come with competitive rates and terms. With our flexible options, driving home a new Nissan has never been easier. Consult your local Nissan Dealership for complete details.

**No-Nonsense Warranty** Every 2018 Nissan is covered by a 3 year/60,000 km<sup>24</sup> Comprehensive New Vehicle Warranty, a 5 year/100,000 km<sup>24</sup> Powertrain Warranty, an 8 year/130,000 km<sup>24</sup> Emission Control Warranty on selected components, and a 5 year/unlimited km Corrosion Perforation Warranty. As a Nissan owner, you’ll also receive a 3 year Roadside Assistance program available to you 24 hours a day. Terms, conditions and exclusions apply. See your Warranty Information Booklet for complete details.

**Added Security Plan (ASP)** For ultimate peace of mind, consider the Nissan Added Security Plan. It’s our commitment to be there for you, and to help you leave your worries behind. Different plans, available for both purchased and leased vehicles, let you tailor the coverage to your driving habits.

**Security+Plus™ Prepaid Maintenance Plan** The smart choice when it comes to maintaining your new Nissan. Honoured at all participating Nissan Dealers in Canada and the U.S., your vehicle is cared for by factory-trained technicians using Genuine Nissan Parts. And best of all, there’s no worrying about price increases on parts or service in the future. A variety of plans are available. Ask your Dealer for details.

Nissan’s environmental action plan focuses on several key areas. In addition to increasing production of Zero Emission vehicles like the 100% electric LEAF,<sup>®</sup> we’re improving fuel efficiency across our lineup, and reducing the environmental impact of manufacturing through energy-efficient practices in our plants.
