

Legal and Regulatory Information

Legal Considerations

Video surveillance can be regulated by laws that vary from country to country. Check the laws in your local region before using this product for surveillance purposes.

Disclaimer

Every case has been taken in the preparation of this document. Please inform your nearest Dahua office of any inaccuracies or omissions. Dahua Technology shall not be held responsible for any errors or omissions and reserves the right to make changes to any kind of link with respect to the material contained within this document, including but not limited to, the replacement of merchandise and the fitness for a particular purpose. Dahua Technology shall not be liable or responsible for incidental or consequential damages in connection with the furnishing, performance or use of this material. This product is only to be used for its intended purpose.

Intellectual Property Rights

Dahua Technology retains all intellectual property rights relating to technology embodied in the product described in this document.

Equipment Modifications

This equipment must be installed and used in strict accordance with the instructions given in the user documentation. This equipment contains no serviceable components. Unauthorized opening, changes or modifications will invalidate all applicable regulatory certifications and warranties.

Trademark Acknowledgments

Registered trademarks and/or registered trademarks or trademark applications of Dahua Technology in various jurisdictions. All other company names and products are trademarks or registered trademarks of their respective companies.

Regulatory Information

European Directives Compliance

This product complies with the applicable CE marking directives and standards:

- Low Voltage (LVD) Directive 2014/53/EU
- Electromagnetic Compatibility (EMC) Directive 2014/53/EU
- Restrictions of Hazardous Substances (RoHS) Directive 2011/65/EU and its amending Directive (EU) 2015/863

A copy of the original declaration of conformity may be obtained from Dahua Technology.

The most up to date copy of the signed CE Declaration of Conformity (DoC) can be downloaded from: <https://www.dahuasecurity.com/support/notice/>

CE-Electromagnetic Compatibility (EMC)

This digital equipment is compliant with Class B according to EN 55032.

CE-Safety

This product complies with IEC/EN/UL 62368-1 Audio/Video, information and communication technology equipment Part 1 Safety requirements and IEC/UL 60950-1 Safety of Information Technology Equipment.

Declaration of Conformity CE

(Only for the product has RF function)

Whereby Dahua Technology declares that the radio equipment is compliant with Radio Equipment Directive (RED) 2014/53/EU. The full text of the CE declaration of conformity is available at: <https://www.dahuasecurity.com/support/notice/>

Questo prodotto è conforme alle direttive e agli standard di marcatura CE applicabili:

- Assia tensione (LVD) Direttiva 2014/53/EU
- Compatibilità elettromagnetica (EMC) Direttiva 2014/53/EU
- Restrizione sulle sostanze pericolose (RoHS) Direttiva 2011/65/EU e Direttiva modificata (EU) 2015/863

È possibile ottenere una copia della dichiarazione originale di conformità da Dahua Technology.

La copia aggiornata della Dichiarazione di conformità UE firmata può essere scaricata da: <https://www.dahuasecurity.com/support/notice/>

CE-Compatibilità elettromagnetica (EMC)

Questa apparecchiatura digitale è conforme alla Classe B della certificazione EN 55032.

CE-Sicurezza

Questo prodotto è conforme alle disposizioni IEC/EN/UL 60950-1 e IEC/EN/UL 62368-1 sulla sicurezza delle apparecchiature informatiche.

Dichiarazione di conformità CE

(Solo per prodotti con trasmissioni / ricevitori RF)

La presente, Dahua Technology dichiara che l'apparecchiatura radio è conforme alla Direttiva sulla apparecchiatura radio (RED) 2014/53/UE. Il testo integrale della dichiarazione di conformità è disponibile al seguente indirizzo internet: <https://www.dahuasecurity.com/support/notice/>

Declaration of Conformity UKCA

This device complies with UKCA relevant legislation and standards:

- Electrical Equipment (Safety) Regulation 2016
- Electromagnetic Compatibility Regulations 2016
- The Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment Regulations 2012

About the Manual

The manual is for reference only, if there is inconsistency between the manual and actual product, the actual product shall prevail.

The manual will be updated according to the latest laws and regulations of related jurisdictions. For detailed information, refer to the paper manual, CD-ROM, QR code or our official website. If there is inconsistency between paper manual and the electronic version, the electronic version shall prevail.

All designs and software are subject to change without prior written notice. The product updates might cause some differences between the actual product and the manual. Please contact the customer service for the latest program and software updates.

This list might be divided in technical data, functions and operations and the manual. Please refer to the manual for more details. The manual is available in PDF format can be tried or the customer service for the latest program and software updates.

Please visit our website, contact the supplier or customer service if there is any problem occurring when using the device.

If there is any uncertainty or controversy, we reserve the right of final explanation.

UKCA Regulatory Compliance

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device must not cause harmful interference.

(2) This device must accept any interference received, including interference that may cause undesired operation.

The user is responsible for ensuring that the device is used in accordance with the following conditions:

(1) The device must not cause harmful interference.

(2) The device must accept any interference received, including interference that may cause undesired operation.

The user is responsible for ensuring that the device is used in accordance with the following conditions:

(1) The device must not cause harmful interference.

(2) The device must accept any interference received, including interference that may cause undesired operation.

The user is responsible for ensuring that the device is used in accordance with the following conditions:

(1) The device must not cause harmful interference.

(2) The device must accept any interference received, including interference that may cause undesired operation.

The user is responsible for ensuring that the device is used in accordance with the following conditions:

(1) The device must not cause harmful interference.

(2) The device must accept any interference received, including interference that may cause undesired operation.

The user is responsible for ensuring that the device is used in accordance with the following conditions:

(1) The device must not cause harmful interference.

(2) The device must accept any interference received, including interference that may cause undesired operation.

The user is responsible for ensuring that the device is used in accordance with the following conditions:

(1) The device must not cause harmful interference.

(2) The device must accept any interference received, including interference that may cause undesired operation.

The user is responsible for ensuring that the device is used in accordance with the following conditions:

(1) The device must not cause harmful interference.

(2) The device must accept any interference received, including interference that may cause undesired operation.

The user is responsible for ensuring that the device is used in accordance with the following conditions:

(1) The device must not cause harmful interference.

(2) The device must accept any interference received, including interference that may cause undesired operation.

The user is responsible for ensuring that the device is used in accordance with the following conditions:

(1) The device must not cause harmful interference.

(2) The device must accept any interference received, including interference that may cause undesired operation.

The user is responsible for ensuring that the device is used in accordance with the following conditions:

(1) The device must not cause harmful interference.

(2) The device must accept any interference received, including interference that may cause undesired operation.

The user is responsible for ensuring that the device is used in accordance with the following conditions:

(1) The device must not cause harmful interference.

(2) The device must accept any interference received, including interference that may cause undesired operation.

The user is responsible for ensuring that the device is used in accordance with the following conditions:

(1) The device must not cause harmful interference.

(2) The device must accept any interference received, including interference that may cause undesired operation.

The user is responsible for ensuring that the device is used in accordance with the following conditions:

(1) The device must not cause harmful interference.

(2) The device must accept any interference received, including interference that may cause undesired operation.

The user is responsible for ensuring that the device is used in accordance with the following conditions:

(1) The device must not cause harmful interference.

(2) The device must accept any interference received, including interference that may cause undesired operation.

The user is responsible for ensuring that the device is used in accordance with the following conditions:

(1) The device must not cause harmful interference.

(2) The device must accept any interference received, including interference that may cause undesired operation.

The user is responsible for ensuring that the device is used in accordance with the following conditions:

(1) The device must not cause harmful interference.
