

ITECH Jr
KIDS SMARTWATCH

QUICK START GUIDE 

QUICK 4 STEPS

- 1 Fully charge the iTECH Jr Smartwatch before using. A full charge takes 2 hours.
- 2 Visit itechwearables.com/setup for full user guide on how to use and play instructions.
- 3 Turn your iTECH Jr on to set date and time. Note: You can manually adjust the date and time under settings.
- 4 You are ready to wear the watch and enjoy all the fun activities the iTECH Jr has to offer.

CHARGING

When using your iTech Jr. for the first time, fully charge the watch (2 hours).
Note: Adult supervision/operation required.

Connect the watch to a computer or USB charger with the included Micro-USB Cable.

1. Pull open the rubber cover of the watch's Micro-USB Port.
2. Insert the small end Micro-USB cable into the watch's Micro-USB Port.
3. Insert the large end of the cable into a powered USB port. A battery charging symbol will appear on the watch screen.

If the watch is not used for a while, the battery may go into protection mode and the charging symbol may not appear on the screen. Continue charging the watch for at least 30 minutes to activate the battery.

POWER ON/OFF

To power on/off your iTech Jr., press and hold the  for a few seconds.

SHUTTER BUTTON

Press the  to launch the camera and to take pictures.

HOME BUTTON

Clock Mode When the screen is off, press  to wake up the watch and show the time.

Home Menu Press  while the clock is displayed to enter the main menu. Pressing  while in an activity return you to the previous menu.

SAFETY & SKIN CARE

We want to make sure that your child is comfortable in their new iTECH Jr Smartwatch. Here are a few tips that should help:

- Regularly clean your smartwatch with a moist paper towel (please get dry your watch once complete)
- Keep your child's wrist free of any dirt and oils
- Keep your child's watch loose enough so that three of your fingers can fit underneath your watch while it's being worn (wearing a watch too tight can cause skin irritation due to sweat or other types of moisture)
- After playing and sweating, it's advised to remove your child's watch to allow their wrist to take a breather
- Kids with eczema or a skin condition should consult a physician before wearing the watch

Please wear with care!

-The iTech Wearables Family

ITECH WATCH CARE

Clean your band regularly, especially after strenuous exercise. It is recommended to rinse your band with water or wipe it with an alcohol wipe. Do NOT use any kind of soap, hand sanitizers, or household cleaners, which could get trapped beneath the band and irritate your skin.

It is a good idea to set your watch aside for 10-15 minutes after cleaning to ensure that the device is fully free of any potential irritants and completely dry.

For stains or buildup on your band, watch screen or casing, wipe the affected area with an alcohol wipe. Be sure to wipe gently. If affected area is on the band, you can use warm water and a soft bristle brush to remove the dirt, stain or build-up.

To keep your device looking new, it is recommended to use a microfiber cloth to wipe off any smudges or finger prints from the casing, screen and band.

Your watch should always help you feel great but if you experience any irritation or skin abrasion, please remove the watch and consult a doctor.

Limited Warranty on iTech

This limited warranty gives you, the consumer, specific legal rights. You may also be entitled to certain rights, which vary from state to state. The limited warranty can also be found online at itechwearables.com/warranty

or in the documentation provided with the product. We warrant that during the warranty period, this product will be free from defects in materials and workmanship. We limit the duration and remedies of all implied warranties including, without limitation, the warranties of merchantability and fitness for a particular purpose for the duration of this express limited warranty. Some states do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you. Our responsibility for defective goods is limited to repair, replacement, or refund as described below in this warranty statement.

What is the period of coverage?
This limited warranty starts on the date of your purchase and lasts for one year (the "warranty period"). The warranty period is not intended if we repair or replace the product. We may change the availability of this limited warranty at our discretion, but any changes will not be retroactive.

Who may use this warranty?
iTech ("we") extend this limited warranty only to the consumer who originally purchased the product ("you"). It does not extend to any subsequent owner or other transferee of the product.

What does this warranty cover?
This limited warranty covers defects in materials and workmanship of all iTech products (the "product") for the warranty period as defined below.

What does this warranty not cover?
This limited warranty does not cover any damage due to: (a) transportation; (b) damage; (c) improper use; (d) failure to follow the product instructions or to perform any preventive maintenance; (e) unauthorized repair; (f) normal wear and tear; or (g) external causes such as accidents, abuse, water damage or other actions or events beyond our reasonable control. Devices that are not IP68 should not be submerged or used in water under any circumstances as this could lead to irreparable damage.

What are your remedies under this warranty?
With respect to any defective product during the warranty period, we will, in our sole discretion, either: (a) repair or replace such product (or the defective part) free of charge or (b) refund the product with same or similar product or (c) refund the purchase price of such product. There may be a fee associated with the warranty return in order to ship back the device to you.

How do you obtain warranty service?

To obtain warranty service, you must submit your claim through our warranty portal (itechwearables.com/warranty-claim) during the warranty period. We may charge you a fee for shipping and handling to return the repaired or replacement product to you. Shortly after submitting a claim, you will receive a warranty confirmation email, which you will need to include with your return package product when returning it to us. For warranty service will be provided without the confirmation email included in the package.

Limitation of Liability
The remedies described above are your sole and exclusive remedies and our entire liability for any breach of this limited warranty. Our liability shall under no circumstances exceed the actual amount paid by you for the defective product, nor shall we under any circumstances be liable for any consequential, incidental, special or punitive damages or losses, whether direct or indirect. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

What can you do in case of a dispute?
The following informal dispute resolution procedure is available to you if you believe that we have not performed our obligations under this limited warranty: you can email us at support@itechwearables.com. From there our customer service agents can assist with any warranty issues.

US Warranty Only
iTech only offers warranty services within the domestic U.S.

The battery for your device cannot be replaced under any circumstances. If you experience any issues with your watch, please contact our customer service center.
