Product Description

* Plug will be subject to sales territory standard. Picture shown above is for reference only.

* The Extension needs to purchase separately.

Setup Instructions

Plug into the adapter, rotate by 45 degrees clockwise and snap into place.

Clean the installation surface.

Paste and fix the lightstrip.

Connect and plug in the power supply.

Tap "□" to turn on the lightstrip, tap "□" again to turn off the lightstrip, and press "□" to select your desired color.

To extend the lightstrip, please purchase Yeelight Lightstrip Plus Extension. Match the end of original lightstrip with the connection port of Lightstrip Plus Extension and put into fastener. Be sure each strip is tightly connected to the other before continuing to mount the next strip. The max. extension is 10 metres.

Intelligent Control

1. Search Yeelight in an app store or scan the QR code below to download the Yeelight App.
 2. Turn on the lightstrip. Open the app and follow the prompts to connect.
- * Make sure that the Wi-Fi network is available and you can get access to the Internet properly.

Apple HomeKit Smart Control

1. Open the Home APP in your iPhone or iPad.
 2. Click "+" button, and add accessory as per the prompts in the app. Scan the QR code on the right or under the product base. Alternatively, input the 8-digit code shown above the QR code to complete the access.
- * Make sure the Wi-Fi network is available and you can get access to the internet properly. This product is not compatible with 5G network.
 - * To ensure proper Homekit compatibility, it is recommended to use iOS 9 or above.
 - * HomeKit codes are indicated under the base of controller. Please be noted that HomeKit codes are required for reset every time.

Apple is the trade mark of Apple LLC.

Use of the Works with Apple badge means that an accessory has been designed to work specifically with the technology identified in the badge and has been certified by the developer to meet Apple performance standards. Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards. Apple, HomeKit, iPad, and iPhone are trademarks of Apple Inc., registered in the U.S. and other countries.

To control this HomeKit-enabled accessory, the latest version of iOS or iPadOS is recommended.

Home hub

A customer who owns an Apple TV (4th generation or later) with tvOS 10 or later, an iPad with iOS 10 or later,

or a HomePod can control HomeKit-enabled accessories away from home and automatically through triggers such as time of day, location, sensor detection, or the action of an accessory.

How to Reset

Disconnect the power. Press the power button and reconnect to the power supply without release. Hold the button for five seconds until the lightstrip flows in red, green, and blue, and turns to yellow. Then, release the button. Reset is completed.

* Please reset the lamp before using it in a new network environment.

Parameters

Model No.: YLDD05YL

Luminous Flux: 200 lm

Operating Temperature: -10 – 40°C

Frequency Bands: 2400MHz-2483.5MHz(Wi-Fi) 2402MHz-2480MHz(BT)

Rated Input: 24 VDC, 0.21A, 5.1W(80 in, 2m) 24 VDC, 0.88A, 21W(400in, 10m)

Rated Input(Adapter): 100-240V – 50/60Hz, 0.17A, 7.5W(80 in, 2m)
100-240V – 50/60Hz, 0.6A, 24W(400 in, 10m)

Maximum Output Power: 15.7 dBm(WiFi) 5.7 dBm(BT)

Connectivity: Wi-Fi IEEE 802.11 b/g/n 2.4GHz

System Requirements: Android 4.4 & IOS 9.0 or above

FCC Compliance Statement

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This device complies with part 15 of the FCC Rules.

Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. This equipment has been tested and found to

comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- (1) Reorient or relocate the receiving antenna.
- (2) Increase the separation between the equipment and receiver.
- (3) Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- (4) Consult the dealer or an experienced radio/TV technician for help.

EU Declaration of Conformity

We Qingdao Yeelink Information Technology Co.,Ltd., hereby, declares that this equipment is in compliance with the applicable Directives and European Norms, and amendments.

WEEE Disposal and Recycling

Correct Disposal of this product. This marking indicates that this product should not be disposal with other household wastes throughout the EU.

To prevent possible harm to the environment or human health from uncontrolled waste disposal, recycle it responsibly to promote the sustainable reuse of material resources.

To return your used device, please use the return and collection systems or contact the retailer where the product was purchased. They can take this product for environmental safe recycling.
