

40H Series Mortise Lock with Visual Indicator

Premium performance, superior security.

BEST's 40H series mortise locks and deadbolts deliver exceptional strength, security, and durability. Our robust design features and precision-engineered components make the 40H mortise lock series ideal for high traffic applications. Backed by an industry-leading limited lifetime mechanical warranty, the 40H series delivers security you can depend on.

Now with more functions and visual indicator options.

- New cointurn privacy function provides the perfect balance between security and convenience
- Larger visual indicator window offers 3x the visibility - even from a distance
- Fully enclosed indicator means low maintenance and longer lasting durability
- New aftermarket kits make it simple to upgrade trim or indicators throughout your facility
- New status indicator options allow for different messages based on application needs

Plus, with BHMA Grade 1 security and a drill-resistant core*, the 40H Series Mortise Lock with Visual Indicator delivers premium strength, durability and performance you can trust. When you need to know quickly that doors are secure, choose the 40H from BEST.
