

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction

<div> <div>Function Button Description</div> <div> <div>  Long press to turn on, Long press to turn off </div> <div>  Short press "Rotate" and activate "Meteor Function" Short press "Turn off rotation" and simultaneously turn off "meteor function" Long press for 2 seconds to turn off only the "Meteor function" Press and hold for 2 seconds again to activate the "Meteor Function" </div> <div>  Short press "once", timing: 30 minute Shutdown, Quickly press "twice", timer: 1 hour Shutdown..
