III. SAFETY PRECAUTIONS

Storage:

After using, pull out the plug, pour out the remaining water, turn the steam control to minimum, turn the temperature control to "min", let the iron cool down, place the iron on the safe and dry place vertically.

Attentions:

1. Please read the owner's manual before use the product.
2. Use the distilled or boiled water only. Do not fill in with any other liquid except water.
3. The iron must not be left unattended while it is connected to the supply mains..
4. The plug must be removed from the socket-outlet before the water reservoir is filled with water.
5. The iron must be used and rested on a flat, stable surface;
6. When placing the iron on its stand, ensure that the surface on which the stand is placed is stable;
7. The iron is not to be used if it has been dropped, if there are visible signs of damage or if it is leaking.
8. This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved. Children shall not play with the appliance. Cleaning and user maintenance shall not be made by children without supervision.
9. This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
10. Children should be supervised to ensure that they do not play with the appliance.
11. Keep the iron and its cord out of reach of children less than 8 years of age when it is energized or cooling down.
12. Surfaces are liable to get hot during use.
13. If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or qualified persons in order to avoid a hazard.

Cautions:

1. Make sure that the applied voltage is same as the rating voltage, and the socked has effective earth connection.
2. This iron is for household only.
3. Do not immerse the iron into any liquid for cleaning.
4. Do not touch the hot metal part, hot water or steam to avoid scalding.

V. USING INSTRUCTIONS

Characteristics and structure:

The product has many functions such as temperature regulating, spraying, dry ironing, steam etc. And it comes with the following characteristics: luxury shape, high heat efficiency, easy using, good ironing result, work and time saving and so on.

Filling water:

1. Before filling water, please pull out the plug first.
 2. Set the steam control to the minimum position.
- Pull down the cover of water filling mouth, then fill water.

Spraying:

Press the spraying button, steam will be sprayed out from the spraying nozzle. At that time, you should keep enough water in the water tank.

Steam ironing:

1. Use steam ironing, turn the steam control to minimum position and set the temperature control at the “...” or MAX position.
2. After the indicator stop flashing, turn the steam control to the suitable position, steam will be sprayed, ironing can start.

Bursting steam:

Set the temperature control at the “...” or MAX position, then press down the bursting steam button, the base plate will spray out bursting steam.

Dry ironing:

Turn the steam control to minimum position, set the temperature control to the suitable position, you can dry ironing.

Self cleaning:

First fill water, then Plug the iron into the mains, set the temperature control to the maximum position, about 3 minute later, press the self clean button for about 1 minute, strong steam and hot water will be sprayed to clean the steam chamber. Use the function once every two weeks

Anti-drip:

This iron is equipped with a drip stop function: the iron automatically stops steaming when the temperature is too low to prevent water from dripping out of the soleplate.

Anti-calc:

The Anti-calc function filtrate the minerals from the water to prevent mineral residue build up at the steam chamber.

Automatic shut off:

If the iron is switched on and not moved for a period of 8 minutes while standing on its heel or 30 seconds while standing on the soleplate, an internal safety feature will switch the iron off and the auto-shutoff indicator will blink. Move the appliance sharply to switch it on again.

VII. TECHNICAL FICHE

Power	2400W
Voltage	220-240V, 50/60Hz
Capacity	380 ml
Color	Red

**Environment friendly disposal**

You can help protect the environment!
