

Swaddling Simplified!

- 1

Align baby's shoulders with top of open wrap. Tuck legs inside leg pocket then open tab at top of leg pocket.
- 2

Wrap left wing over baby's torso and tuck under baby's opposite arm. Secure tab to top of leg pocket.
- 3

Place right wing over left and secure opened tabs to fabric patch on left wing. Wings should be snug over baby's chest. Always place babies on their backs to sleep.

**WARNING:** Failure to follow these warnings and the instructions could result in death or serious injury.

**CRIB SNUGWRAP™:** To prevent entanglement or strangulation, position ties to outside of crib and be sure they are secured. Remove Crib SnugWrap™ when child can sit up unaided or can pull to a standing position. This product is intended for, and is designed to fit, a standard infant's crib. If the crib is any size other than standard, do not use. Please take the time to install correctly. When fastening this product to the crib, ALL TIES SHOULD BE SECURELY TIED TO THE OUTSIDE OF THE CRIB SLATS OR POSTS.

Please check periodically to see that ALL ties remain firmly tied. Failure to install properly and keep ties securely tied to the outside of the crib could cause injury to infants.

**SOLID SIDE CRIBS:** Do not use Crib SnugWrap™ panel that cannot be properly secured to crib. Tuck panel underneath mattress.

Remove adult bedding and stuffed toys from crib.

DO NOT USE Crib SnugWrap™ if all ties cannot be securely attached to the crib.

DO NOT add makeshift ties.

**COMFORTER:** To prevent suffocation, do not put comforter in a crib or near an area where an infant may sleep. Comforters are a decorative item only and are not intended for an infant's use. Infant should never be placed to sleep on top of quilts, comforters or other soft bedding.

**CRIB SHEET:** Prevent possible strangulation or entanglement. Never use crib sheet unless it fits securely on crib mattress.

**SWADDLEME®:** Baby should be lightly clothed for sleep at room temperature comfortable for a lightly clothed adult (67°F to 72°F). Baby should not feel hot to the touch. Do not use SwaddleMe with an undersized infant around whom the wings cannot be snug. Do not allow fabric to cover infant's mouth or nose. Discontinue use if:

- The fastenings are damaged.
- Baby is able to roll from back to stomach position while swaddled.
- Baby is able to break free of SwaddleMe.

**How to properly install Comforter Clips:**

(Mounting Hardware Not Included)

**STEP 1:** Determine where to install the comforter clips so that they can hold the comforter up at each upper corner.  
**IMPORTANT:** When determining the location, mount on a wall clearly out of a standing baby's reach.

**STEP 2:** Place your nails or screw (not included) into the wall at a 45 degree angle.  
**IMPORTANT:** If nail or screw is not at a 45 degree angle, the clip may slip off the nail/screw.

**STEP 3:** Hang the comforter from the clips by opening the clips and sliding the comforter in between the clip mechanism. Close the clips around the comforter to finish.
