

Shark Navigator Upright Vacuum Cleaner

Introducing the Shark Navigator Upright Vacuum Cleaner, your solution for stubborn pet hair and heavy-duty cleaning. Using this unit, you can efficiently handle dust and dirt embedded in flooring and carpets. The machine comes with an extendable hose, a large capacity dust bin, and a self-cleaning brush roll that removes hair continuously. In addition, this vacuum cleaner can also assist you when cleaning high walls and ceilings. Key Features Shark engineered the Navigator Upright Vacuum Cleaner with 960W power, and strong upright vacuum suctions that effortlessly pick up debris, hair, and other lingering dirt. Its unique Anti-Allergen Complete Seal Technology can capture and trap up to 99.9% of dust and allergens down to 1 micron*. The feature is helpful for pet owners as well as allergy sufferers. Its large 3L dustbin allows you to vacuum without emptying the bin as frequently. Shark's Navigator Upright Vacuum comes in a lightweight design to provide excellent manoeuvrability. In addition, its portable profile makes it easy to store after every use. This vacuum cleaner's unique bristle guard on its self-cleaning brush roll actively separates and removes pet hair. It keeps the brush clear of any tangles. An extendable hose of 3.6-metre allows the vacuum's tube to easily reach spaces above cabinets, high walls, furniture, and more. Additionally, thanks to its 7.6-metre power cable, you can effortlessly move and clean large areas of your home. This Shark Navigator Upright Vacuum Cleaner comes with several accessories,

including Duster Crevice Tool, Dusting Brush, and an Upholstery Tool Attachment. *Based on ASTM 1977.
